Deputy Commissioner's Office
Tumkur District

No. 1098/28 Camp Moyasundra. 25th April 1892.

To. The Chief Secretary to the Government of Mysore

Sir

With reference to Government order No. 1019-29 of the 12th instant, I have the honor to state that as the rules framed for the administration of the toddy revenue seem to be complete, I have no suggestion to submit.

2. As stated in the order it is an efficient arrangement to leave the supervision reg of the toddy groves to the village Potels, the village tolies reg helping them in the matter. The scale of remuneration proposed to the latter is indeed liberal considering the small quantity of work to be done by them, and the rate of annual pay which land-holder pay their "Jeetgaru". It will not, however, at once be adopted, but the

"few years" beginning with half of the rate proposed - The Potels' remuneration too may not be very high as the work to be done by them will probably not be very considerable - Even now it is their duty to take care of all government property in their villages and so by being now called on to devote particular attention to the toddy trees they cannot be considered to have been given any extra work - These Potels are really very useful members of the Service and they have all been doing very well indeed in connection with the present famine relief operation - They are very trustworthy and very willing) - As a sort of encouragement, therefore, a small percentage of the toddy revenue may, as proposed, be given them - After further careful study of the subject and the needful consultation with the Amildars I shall submit what may strike me as a suitable reward to them.

3. An Abkari Inspector will quite matter-
suffice to aid the Amildar in this
and the pay proposed is also liberal.
He should be available for all executive
duty in excise matters (toddy, arrack
ganja &c), but it strikes me that the
Amildars should also be given an
excise gumasta on 10 Rs. to carry on the
correspondence in the Excise Depart-
-ment. The Taluk establishment is
indeed heavily worked, and this addi-
-tion is a desideratum. Generally one
Abkari Inspector will do for a Taluk,
but in Taluks where the Abkari work
is light the work to be done by him
may well devolve on the Sheikdars.
After consulting the Amildars I shall
submit a detailed list of the establish-
-ments actually required, the names
of the persons selected for the several
posts and the reasons therefor.

4. With reference to para 14 of
the order under reply, I beg to state

that it is not convenient to assign the
excise work of the District to any Assistant
Commissioner - The Treasury Assistant
Commissioner cannot have it as he
cannot move out of the Head Quarters,
and the General Assistant Commissioner's
operations are confined to the Taluks
specially placed in his charge. And
moreover this Toddy revenue is a part
of the general revenue and may therefore
be controlled as any other revenue by
the District officer. I do not know if it
is necessary to appoint a Toddy Daroga
for the District - The Excise Supervisor
has so very little to do that it seems to
me that he may be directed to su-
-pervise the toddy work also - He is
now under the Deputy Commissioners
for work connected with Arrack, Ganja
&c. Toddy is not very foreign to those
articles and I fail to see why there
should be two sets of officers. In this
District there are now two Excise officers

VRJ

viz an Assistant Superviser and a tester with needful menial establishment. This is sufficient I think, but a clerk in the District office on 20 Rupees per month for all excise work is needed. 6

15 2.

On the order Rupees 15 are provided, but a really competent person with ability to prepare the ordinary drafts and accounts may not be found for such a small sum —

5 With reference to para 15 of the order I beg to state that I do not see any necessity for the Special Asstt Commissioners here. The work can be easily arranged and carried on by the Amildars and I have taken the needful steps to give effect to the views of Government.

I have the honor to be
Sir
Your Most Obedient Servant
[signature]
Deputy Commissioner

Enclosure 181

GOVERNMENT OF MYSORE.

REVENUE.

PROCEEDINGS

Dated 12*th April* 1892

No. 1019-29.
Cir. 4.

Issuing instructions for carrying into effect the new scheme for the administration of the Toddy Revenue.

Mysore Govt. Central Press, Bangalore.—21-4-92.—250.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 12th April 1892.

READ AGAIN:—

Proceedings Camp No. 323—33, dated 24th September 1891.

Proceedings No. 14237-46—Cir. 211, dated 14th March 1892.

No. 1019-29—CIR. 4, DATED BANGALORE, 12TH APRIL 1892.

ORDER THEREON.—In the first of the orders cited above, are fully detailed the circumstances under which it was decided to make a new departure in the system of Toddy Administration by substituting for the former method of selling the exclusive right of drawing and vending toddy *by Districts*, a system of selling that right by *shops* and *groves*. Two Special Officers, Mr. J. G. McDonnell and Mr. B. Gopalaiengar, were deputed to conduct these sales all over the Province and to help the Deputy Commissioners in settling the details of the arrangements required for the introduction of the new scheme by the 1st April 1892, when the contracts under the old system were to expire. The work which demanded considerable tact from the officers entrusted with it has, the Government are glad to note, been completed in proper time and in a manner generally satisfactory.

2. The financial results have been eminently satisfactory, the expected revenue for the current official year under the new scheme being Rs. 14,02,887—4—7, inclusive of Local Cess, against Rs. 9,74,063—14—4 under the contract which has just expired, showing an increase of Rs. 4,28,823—6—3.

3. Such marked success could not have been obtained for the new scheme, in the very first year of its introduction but for the active interest taken by the Deputy Commissioners of Districts, and under their guidance by Amildars (with four exceptions to be hereafter noted) and Deputy Amildars, who, by their energy and industry, contributed in no small measure to the satisfactory completion of the new settlement. Under such circumstances, His Highness the Maharaja is pleased to direct that his appreciation of the good work which has been done be communicated to Deputy Commissioners and to the two Special Officers above named, and, through the Deputy Commissioners, to the Amildars and Deputy Amildars concerned, except the marginally named four Amildars who appear to have failed to exert themselves, and regarding whose conduct the Deputy Commissioners will be requested to report in due course with their explanation.

(1) Venkat Rao, Amildar of Chintamani.
(2) Narsinga Rao, Amildar of Channagiri.
(3) Ramaswamaiya, Amildar of Malvalli.
(4) Solomon Leighton, Amildar of Hiriyur.

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 12th April 1892.

4. The result of the settlement now made for each District is given in the following statement:—

Districts.	Present Revenue with Cess.	Government Shops.	Government Vanams.	Jaggery Ovens.	Total Government with Cess.	Inam Shops.	Inam Groves.	Total all Items with Cess.
BANGALORE ...	1,49,811 8 4	2,18,985 10 0	...	...	2,18,885 10 0	3,508 6 0	3,181 2 0	2,25,575 2 0

TUMKUR ...	1,54,062 8 0	2,22,920 9 8	...	2,838 0 0	2,25,758 9 8	6,630 8 6	1,322 4 6	2,33,711 6 8
HASSAN ...	76,021 14 0	1,06,935 5 0	...	...	1,06,935 5 0	1,989 0 0	643 7 0	1,09,577 12 0
SHIMOGA ...	22,429 6 0	38,743 0 0	...	...	38,743 0 0	318 12 0	167 14 0	39,229 10 0
KADUR ...	35,881 11 0	48,632 8 0	...	...	48,632 8 0	...	76 8 0	48,709 0 0
CHITALDROOG ...	1,48,856 4 0	1,50,815 3 8	...	5,087 4 0	1,55,902 7 8	1,429 1 0	...	1,57,331 8 8
MYSORE ...	3,03,402 3 0	3,78,162 10 0	17,121 9 0	...	3,95,304 3 0	18,819 9 0	11,252 6 3	4,25,376 2 3
TOTAL.....	9,74,063 14 4	13,20,164 3 10	17,121 9 0	7,925 4 0	13,45,211 0 10	38,323 5 6	19,352 14 3	14,02,887 4 7

The total revenue of Rs. 14,02,887—4—7, shown in the foregoing statement, is inclusive of the Toddy Revenue of Inam villages, which amount to Rs. 38,323—5—6, for shops, and Rs. 19,352—14—3, for groves. Total Rs. 57,676—3—9. The net revenue to Government is thus Rs. 13,45,211-0-10.

5. The detailed settlement made under the new scheme led necessarily to the investigation of the value of the Toddy Revenue of Inam villages. The results which have been obtained will enable the Government to dispose, in the most satisfactory manner possible, of the claims of Inamdars entitled to the Toddy Revenue under their sannads, and in the meantime there will be adopted the system of indicating in the accounts the Toddy Revenue of Inamdars separate and distinct from the Government revenue. The maximum amount which the Inamdars can possibly claim now is Rs. 57,676—3—9, as shown above, but it is liable to be reduced upon an investigation of Inamdars' claims, some of which may have to be rejected as not supported by sannads or recognized long enjoyment. The Deputy Commissioners should now very carefully inquire into these claims and submit a full report in each case for the orders of Government.

6. The new scheme will further improve the condition of the class of Idigars whose vocation is drawing toddy from date trees, and who by hereditary usage are interested in the conservancy of date groves, but who had been much neglected by the contractors under the old system.

7. The ready realization of the increased revenue according to the new settlement and indeed its smooth and satisfactory working depend upon the interest which Local Revenue officers continue to take in the matter. The Government accordingly resolve to leave to Deputy Commissioners the practical working of the settlement now completed. The Deputy Commissioners should impress upon their Amildars to regard the administration of the Toddy Revenue as an important part of their duty.

8. It must be a first axiom in the working of the new settlement that no farmer shall, without the previous express consent of the Deputy Commissioner, in any way, disturb the arrangement made as regards the grouping of shops and assignment of vanams. It is understood that in a good many cases, where a grove or vanam used to supply toddy to several shops, the new settlement allows the farmer of each shop to resort to the *mamul* portion of the grove from which his shop used to draw its supply during the past contract. In such cases, if any disputes arise, they should be promptly dealt with to the satisfaction of all parties concerned.

9. In order to prevent the possibility of such disputes occurring hereafter and generally to facilitate the future Toddy administration, it is necessary that every grove required for the purpose of the Toddy Revenue should be carefully surveyed, and divided into a number of blocks sufficient for the convenient administration of the Toddy Revenue. Such blocks should be distinctly demarcated and the demarcation accurately shown upon village maps. The number of bearing trees in each block should be ascertained and recorded in such maps. A separate set of these maps should be maintained in each Taluk. The Survey Superintendent will be requested to depute for the early execution of this work under the Deputy Commissioners' orders, the number of Measurers required for his work in each District. Mr. McDonnell will, from information already in his possession, submit at once for the information of the Survey Superintendent, a list as complete as possible of the number of groves which have to be surveyed in each District. It is estimated that over 40 Measurers will be required for all the Districts, but this is a point which must be left for decision in the Survey Department. Should it be not possible to depute the full required number of Measurers at once for this duty, the Survey Superintendent, need, at present, only send out such smaller number as may be feasible, arranging, however, the

programme of work in a way likely to ensure its completion at as early a date as possible. A report of the Survey Superintendent's proposals will be awaited.

10. For the success of the Toddy administration, the special attention of the Deputy Commissioner is necessary to the following points, namely:—

(*a*) The due conservancy of existing vanams, including the prevention of the tapping of immature trees, the improper tapping by unskilled men, the injurious removal of leaves by rope and mat makers, &c.

(*b*) The prevention of theft of toddy from the trees, and the illicit drawing or sale of toddy, and

(*c*) The planting of new areas where necessary.

11. Toddy collections should be daily received as paid in any Taluk or District Treasury, and separate demand, collection and balance accounts should be kept as regards each farmer.

12. For the performance of all duties indicated in para 10, the services of the ordinary Land Revenue establishment should be utilized to the fullest extent possible, and the Government accordingly resolve to issue the following instructions on the subject:—

(*a*) In villages where vanams exist and have to be conserved, and theft or illicit drawing of toddy has to be prevented, the village servant (Toti, Talari or Kulvadi) must be employed for the purpose, under the orders of the Patel, and he should be paid for such work a remuneration of, say, Rs. 10 or 12 a year.

(*b*) The Toddy Revenue shall be collected by the Patel assisted by the Shanbhog. The Patel shall in addition be responsible himself to see that every shop and every vanam within his village is properly managed, that no theft or illicit drawing of toddy takes place, that the transport of toddy is made under proper authority and that no breach of the Excise Law is committed. The Shanbhog shall, in addition to helping the Patel in the duties above described, keep such registers as may be prescribed regarding the quantities of toddy drawn, consumed or transported. For the additional work as above, the Patel and Shanbhog will be remunerated by means of a small percentage on the annual collections in addition to their present remuneration from the Land Revenue.

(*c*) Above the Patel and Shanbhog there should be an officer called Abkari Inspector, corresponding in position to the Shekdar. In Taluks where the Toddy Revenue is light (as in the Malnad) the duties of Abkari Inspector shall devolve upon the Shekdars. But in other Taluks, a separate Abkari Inspector shall be appointed, two such officers being given to exceptionally heavy Taluks. For these appointments the best men possible should be selected as a rule from Abkari Amins who have had experience of the work under the former contract system, and who possess a good character. Where such men may not be available, the most qualified Shekdars should be selected for these posts. As much of the success of the Toddy administration in a Taluk will depend upon the ability and integrity of this class of officials, the Deputy Commissioner should give his personal attention to their selection. The salary given to the Abkari Inspector may for the present be Rs. 20 per mensem and the horse allowance of Rs. 10 per mensem. He should be directly subordinate to the Amildar or the Deputy Amildar.

Sd. [illegible] 16-5-92

No. 80.

Deputy Commissioner's Office,
Kadur District,
Dated Chikmagliur 12th May 1892.

From,
The Deputy Commissioner, (4)
Kadur District

To,
The Chief Secretary to
the Government of Mysore.

Sir,

With reference to Government Proceedings No. 1019-29/4 dated 12th April 1892, Paras 12, 14, 15 and 17, I have the honor to state that the following staff appears necessary for the efficient discharge of work connected with the Toddy Scheme.

2 Abkari Inspectors for Kadur Taluk which has numerous groves and which has to supply toddy to other Talukas.

1 Inspector for Tarikere Taluk.

1 Do Chikmagliur Taluk.

The pay of these Inspectors may be fixed at Rupees 15+10, considering that some of the Hobli Shekdars who have equally heavy work get smaller pay and no allowance.

1 Accountant for the Treasury

15/-

on Rs. 15/- already s

1. Munshi for correspondence and other miscellaneous works on Rs. 20/-

3 Gymnastas on Rs. 10/- each for each of the 3 Taluks viz. Dandeli, Karwar and Chikmagalur.

(N.B This is very essential as the limited Taluk Staff is already overworked).

I think the permanent appointments of Daroga and Gymnasta referred to in para 15 of the Proceedings are not necessary. They may however be employed for 3 months by which time it is expected that the scheme will come to a working order. Thereafter the Amildars, with the help of Abkari Inspectors, should be able to manage the work.

I do not require any additional Staff for the Malnad Taluks.

I have called for particulars required in para 13 and shall submit them on receipt thereof from Amildars.

With reference to para 16, I beg to state that Messrs McDowell and

16

Gopalsingar have been sending Drafts of Circulars, &c., independent of each other, which has led to confusion and inconvenience, besides wasting a great deal of valuable time. I have written Demi officially to them to send up their suggestions jointly, but if this is not possible I would suggest that the work described in para 15 be divided amongst them according to the kind of work.

I would propose to have the charge of the Excise Department myself for the next two or three months.

I solicit the favor of early orders as it is very essential that the scheme should be worked systematically from the beginning

I have the honor to be,
Sir,
Your most obedient Servt,

H H Locke
Deputy Commissioner
Madura Dist

Bangalore

Sir,

In continuation of my letter No. 1862 80 dated 12th instant about the proposed Establishment for the administration of the new Toddy Scheme, I have the honor to state that, as since suggested by Mr McDonnell, each of the 4 Abkari Inspectors proposed for the District may be given a peon on Rs 8/- per mensem for which benthe some of the old literate Vana Mutsuddies may be appointed. I would also propose Rupee one for each Inspector on account of contingent expenses.

2 Mr McDonnell proposes that 2

grades may be made among Abkari Inspectors, one on Rs ——————— 20+10 and another on Rs 15+10, this may be sanctioned, if in the opinion of Government, the financial condition of the department admit of it.

3. As regards Mr. McDonnell's proposal urging the necessity of a permanent Daroga for the District, I mean to reserve my opinion till the experimental period is over.

I have the honor to be

Enclosures

1. A printed copy of the Pros. and order of Govt. No. 1019-29 Cir. 4 dated 12th Ulkano is forwarded to the Amildar for his information, careful Study and to give practical effect to.

Govt order Para 5 } 2. The investigation into Inamdars' claims ordered in para 5, will be disposed of by "the Officer in Charge of the Excise Revenue" under the orders

of the Dy Commissioners. Separate
orders will issue on this point.-

Govt order Para 6 - } 3. The Auildars
should take every opportunity
of explaining to Ediyars how
the New Scheme will contribute
to improve their condition.-

Govt order Para 7 - } 4. The particular
attention of the Auildar
is called to this para. A very
important and responsible
duty has been entrusted to the
Auildar and the Dy Commissioner
will watch and note how he
gives practical effect thereto.
(See also 13 of this circular).-

Govt order " Para 8 - - } 5. The Auildar
will carefully attend to the
wishes of Govt " contained
in this para. Pending demarca
-tion of the groves by the Revenue
Survey Department (See next para),

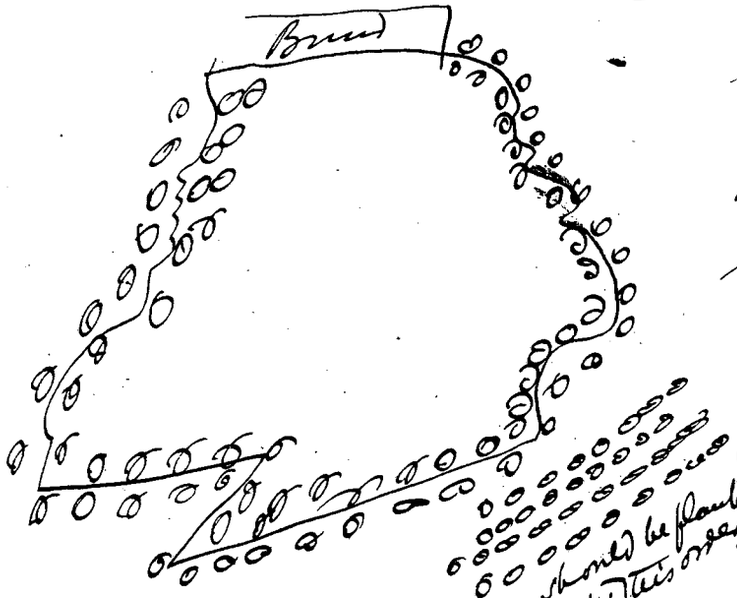
Should any disputes arise relative to the Vana appiqued to a Shop or group of Shops, on the distribution of the trees of a Vana among several Shops which formerly under one Contractor, or Shik- -anidar took toddy from that Vana collectively but which Shops now being given to several farmers, Each farmer wants his rights defined the Amildar should visit the patel and Shanboque to convene a punchayet and amicably settle the matter forth- -with. The lines on which a settle- -ment can be practically effected so as to satisfy all parties are laid down in the enclosed "Note" pre- -pared by Mr. McDonnell and should be carefully followed. In case the parties are dissatisfied with the Settlement effected by the Village officers, they will, within 15 days thereafter, prefer an appeal to the Amildar in which they will clearly specify the particular

points on which they seek redress,
and the Amildar with the aid
of the Taluk Inspector will
make the required enquiry
personally and dispose of the
matter in fairness and justice
to the rights of all the parties
concerned. Pending disposal
of the Case by the Amildar
or in appeal to the Dy Commr
each party will be bound
by the terms of the last decision.-
Govt order
Para - 9 - } 6. It will not
be possible for the Survey
Department to send the
measurers till 1st November
next. In the meantime
an extract from the return
prepared by the District Daroga
(form enclosed) will be sent
to each Taluk by that officer forth-
-with. Columns 1 to 10 have been

filled in as far as information
was available in the Daroga's Office
and will be sent to the Superintt
Revenue Survey, by the Excise Apptt
Commissioner direct as desired
by Government. An extract from
this return should be sent by the
Amildar on receipt to each Shan
-baque to be carefully checked and
blanks (Columns 4, 5 and 6) com-
-pletely filled in. Columns will
be filled in by the Shanbaque
after the existing Survey Nos have
been demarcated into convenient
Akari Sub-Numbers by the
Survey Deptt to meet the wants
of the Toddy Department and the
Shops appigned to each Vania. The
information contained in
Columns 1 to 10 is necessary to
facilitate the settlement to be
effected by the Survey Department
to obviate future disputes. The
data thus recorded and the parti
-culars noted in Columns 12 to 15
will form the register required to

be kept, as enjoined in para
15 clause 5 of the order of last.
Govt order
Para 10 - 7. To give practical
Effect to clause (a) Mr. McDonnell
is preparing a set of short
rules detailing what is to
be done to conserve the groves
and illustrating the class of
trees to be tapped and not tapped.
and how this is to be done as well
as how the trees should be
treated when leaves are removed
by agriculturists, professional
mat and basket-makers &c.
The illustrations show at a
glance how these several duties
have been practically performed
by professional adepts and will
give the Taluk and village officers
the means of readily judging if
this work is properly done in their
charges also. -
8. Clause (b) See below mistake-

Govermt (clause (a)
(clause (c)) 9. In this matter Amil-dars should at once take steps to collect seeds from mature trees. The seed should be three-fourths ripe. They should be planted as soon after being picked as posible. The best site to Establish such a plantation is along the farthest water spread at or in the vicinity of Taluk Kutcheries and villages where Toddy shops Exist. The Nirgunti appointed by the village Kulkarni should sink the goodli into the ground 5 or 6 inches deep, turn up the clod, pulva-rize it, and put in two or three seed (with the fruit on it as picked) and cover it over. This should be done every ten feet. Three or four rows will suffice as per margin. This step will have a two fold object:-



(1) It will prevent silting up of the tank and

(2) Enables the toddy being utilized fresh and sweet on the spot where it is to be sold. -

Waste land in the centre of groups of 6 to 10 shops in the vicinity of Taluk Kusbas and villages should be selected and planted up by the aid of the village officers -

Govt order Para 11 } 10. The Treasury Officer will prepare and send the Amildar a form with the required instructions to give effect to the wishes of Govt.

On this very important point for the guidance of the Taluk Treasury Officials, and as the duties which devolve on the Patel and Shanboque in this behalf (Vide 1st Sentence of clause

(b) under para 12 of the order of Govt noted below. A copy of the orders so issued by the Treasury officers will be sent to the officer in charge of the Excise Revenue of this District for record in his office. —

Govt order Para 12. } 11. The instructions of Govt contained in clauses (a) and (b) should at once be communicated to the village officers. —

Clause (c) 12. The Amildar will, pending the selection, training and appointment of an Inspector for the Taluk, select one of his most experienced Sheikdars to do the work of the Abkari Inspector and report his name for approval. He will draw Rs. 20 + 10 = 30. The name of Substitute should also be reported at once (See para 21 of this Circular). The question of Sub Taluks and additional Inspectors needed, will be disposed of hereafter. —

Clause (D) 13. The particular attention of the Auditor is drawn to this clause and the Dy Comm^r relies on those officers making the question of Excise Revenue a Special Study and that they will completely master the whole Subject and thoroughly work this branch of the Revenue in a practical and Efficient manner. —

Govt order, Para 13 } 14. In addition to the general instructions contained in the foregoing paras Mr. McDonnell is drawing up detailed instructions defining clearly the duties of the officers and Employés engaged in this Branch (Toddy) of the Excise Revenue which will be duly considered and circulated for their guidance shortly. In the meantime the

Auildar will Subcinit the four
returns called for in the accom-
-panying forms with 4 brief
reports giving his opinion on
the points raised and any
Suggestions he has to put for-
-ward for the better working
of the new Toddy System. Those
Auildars acquainted with
English should do so in that
Language. These reports should
all be Sent in on or before 1st
June next without fail. -

Govt order Para 14 } 15. The Auildar
will direct all his corres-
-pondence to the Dy Commr
Office in all Matters affecting
every item of Excise Revenue
to the address of "the Officer
in charge of the Excise Revenue
District". Such papers
as need the special opinion

on intervention of Messrs
McDonnell and Gopalaiengar
will be referred to them.
The Special Department
of the District office now
created will dispose of all
other papers. -

Govt orders,
Para 15 } 16. Mr McDonnell
has issued a circular to Tail
-ders with a form to be
filled in giving the details
needed under clause (I) as
to the alterations to be made
in the Mutchalikas, the Stamp
certificate to be Endorsed
thereon &c. This return should
be filled in and sent direct
to that officer within one
week's time for Scrutiny
and transmission to the
Dy Commissioner by 31st May next. -

2nd " clause } 17. The detailed instructions issued for the disposal of disputes connected with Vanas (Vide para 5 of this circular) will, it is hoped, effectually dispose of the point but if in any particular case the Taluk and village Officers cannot possibly do the needful the papers should be sent (through this office) for transmission to Special Officers for report or disposal as the case may be. Any misfunctions given to Buildars by those officers should be promptly attended to. —

3rd " clause } 18. This point will be disposed of hereafter.

4th & 5th " clause } 19. Vide para 13 above

Govt order Para 16 } 20. The Deputy Commissioner will dispose of this point separately.

Govt order Para 17 } 21. The Amildars will in filling up the post of the Sheikdar selected as Abkari Inspector (Vide para 12 of this circular) appoint the late Taluk Amin as his Substitute provided the Special Officers were satisfied with his work. If not one of the Sheikdars in the lower grade should be selected, nominated and his name reported.

22. In conclusion it may be observed that the Muchalika with the acceptance at foot takes the place of the license. An authenticated copy duly sealed should be furnished

to each farmer with spare
copies similarly signed and
sealed for issue to each whole
-sale and Retail Toddy Shop
-keepers employed by the
farmer. Until further
orders it will suffice if the
officers of Govt. " simply
attend to the following inst.
-tructions: -

I That no Toddy is sold at
the Vana en route from
Vana to Shop, or at others
than at the place named
in the Intichalika, a copy
of which should be furnish
-ed to each patel and Shan
-bogue in the Taluk forthwith

II That the Klists are punctually
paid.

III On all other points the
parties should be simply
warned of any breach

of the conditions of the Muteh-
-lika and a note thereof kept,
but they should not be
prosecuted therefor for
the present. This order
is issued at the Express
request of the Dewan
Bahadur to Mr. McDonnell.

Dated 23rd (25) May 1892.
Camp Chintamani.

To -

The Chief Secretary to the
Dewan of Mysore.

Sir,

With reference to Government Proceedings No 1019-29 Cir: No 4 dated 12th April 1892 issuing instructions for carrying into effect the new scheme for the administration of the Toddy Revenue, I have the honor to report as follows on the several points therein alluded to -

Para 3. Venkata Row, Amildar of the Chintamani Taluk is now on leave. His explanation for having failed to exert himself in connection with Toddy work will be submitted with the necessary report on his return to duty.

Para 5. A report on the Inamdar's claims to Toddy Revenue will be submitted on receipt of the requisite particulars called for from the Amildars and Deputy Amildars in the matter.

Para 9. Mr. Mc Donnell has been requested to furnish the Survey Superintendent with the information required for the

Survey and demarcation of Toddy groves in the Distt.

Para 13. Copies of the instructions issued for the guidance of the Amildars and Deputy Amildars, village servants, Patels, Shanbogues, Toddy Inspectors and the Daraga are herein enclosed for information. These instructions have been framed by Mr. Mc Donald under my directions.

Statements shewing the number of village servants, Patels and Shanbogues to be employed on Toddy work and the remuneration payable to them will be submitted on receipt of the necessary Statistics already called for from the Talukas —

11 Toddy Inspectors have in anticipation of sanction been appointed at a monthly cost of Rs 305 and posted to the several Talukas according to local requirements as particularized below: —

No:	Name of Taluk	No: of Shops	Quantity of Toddy consumed.	Value of Toddy consumed	Amount of Toddy Revenue for 1892-93	Name of Inspector	Salary	Remarks.

						Total Rs	195+110 or 305 "	

the pay of Inspectors as sanctioned by Government being in the case of some of the Taluks considered a little too high, it was at the suggestion of Mr. Mc Donnell who was present when the appointments were made, arranged to have two grades on Rs 20+10 and Rs 15+10 respectively with a view to economise the expenditure and afford to the deserving and hardworking men a chance of promotion to the higher grade. I trust that this arrangement will meet with the approval of Government.

The five men appointed for Kolar Anullagal, Gowribidanur, Bagepalli and

Agent in pet have been Abkari Amins under the old Contractors.

The work in the Talukas of Gorlid-amw and Dulbagal being comparatively heavy owing to the greater number of Daruns and shops in them and to their frontier position in consequence of which offences against the Excise law are likely to be of a more frequent occurence than elsewhere, it was considered necessary to employ two Inspectors for each of these Talukas, one of the higher and the other of the lower grade.

Para 14. The General Assistant Commissioner may be put in charge of the Excise Department of the District as being always available for out-door duty. He will work under my immediate orders keeping the Sub-Division officer, Chikballa-pur, informed in matters relating to his Sub-Division, an arrangement similar to what exists in the Police Department.

A Gumastah on Rs 15 has been appointed for the District Treasury as also a District Durwan on Rs 4 or 5 which

which latter post has subject to as confirmation by Government been conferred on S. Ramanadam Brodakar Excise Assistant Superintendent who has gained much experience in the Toddy branch and has by his strenuous exertions considerably contributed to the success of the scheme in the District. The maximum pay sanctioned for the Daroga is inadequate considering the heavy and responsible duties he has to perform in effectually supervising the work of all the Taluk Inspectors, besides attending to the proper discharge of business in the Excise department of the District office.

An Assistant Superintendent of the arrack Department draws the same and even higher salary while his work is limited to a few Taluks in the District. I beg, therefore, to recommend that the Toddy Daroga's pay be raised to Rs 60+15 and that he be given a peon on Rs 8 as is allowed to the arrack Assistant Superintendent. It is necessary to have a clerk on Rs 20 to assist the Daroga and the

Officer in charge of the Excise Revenue of the District ——— in the discharge of the various duties connected with the office. He will have to keep a number of Registers, prepare returns and accounts and attend to the disposal of correspondence which will keep a hand fully employed.

The Daroga who will often be required to travel will not be able to look after the office work single handed nor will the Gumashta employed for the Treasury be available for the purpose as his time will be completely taken up in the compilation of the accounts of collections &c for the entire District. I solicit early sanction for the entertainment of a Clerk as proposed above.

Each Toddy Inspector require an Assistant to aid him in the performance of his clerical work, as his time will be chiefly devoted to various out-door duties which will demand his constant attention a he cannot conveniently stay at a Taluk Head Quarters for more than a few days in each month, I would

*1/Kolar
2. Kulbargal
3. Chitaldrug
4. Coimbatore
5. Bagepalli

therefore, beg to suggest that each of the marginally noted Taluks may be allowed an Excise officer on Rs 75-3, who will also occasionally be of help to the Inspector in the detection and prevention of offences &c.

It seems desirable to amalgamate the arrack, Drug and Toddy departments and place the same under a single agency, instead of having a separate executive staff for each branch as at present. This arrangement will not only economise the public expenditure but will also tend to concentrate supervision without impairing its efficiency as arrack, Toddy and drug shops are in most instances situated in the same localities. The measure may be considered in due course.

Sanction is also requested to the grant of a monthly contingent allowance of Rs2 to the District Daroga and Rupee one to each of the Taluk Inspectors.

In conclusion, I beg to state that the annual cost of the establishment &c proposed above for the Toddy department of the District amounts to Rs 5832-a-a which represents about 14 per cent of the increase or nearly 5 per cent of the total Revenue under this branch for the current year as shown in the

the accompanying statement:—

Name of Appointment	Number	Proposed Salary	Annual Cost	Increase in Toddy Revenue for 1892-93	Total Revenue for 1892-93	Remarks

Deputy Commissioner

Salem District

Enclosure 818 59

From

The Deputy Commissioner

Kolar District

To

The Amildar

Talukh.

Dated 23 May 1892.

No. X

Enclosures.

A printed copy of the Proceedings and Order of Government No 1019-29 dated 12th April 1892 Cir 4 is forwarded to the Amildar for his information, careful study and to give practical effect to.

Government Order Para 5 } 2. The investigation into Inam-dars claims ordered in para 5, will be disposed of by the Officer in charge of the Excise Revenue under the orders of the Deputy Commissioner. Separate orders will issue on this front on receipt of the report called for in this Office Canarese Circular Order No 4 dated the 29th April 1892.

Govt Order Para 3. The Amildars should take every opportunity of explaining to Edgeius how the New Scheme will Contribute to improve their Condition.

Govt order Para 7 4. The particular attention of the Amildar is called to this para. A very important and responsible duty has been Entrusted to the Amildar and the Deputy Commissioner will watch and note how he gives practical effect thereto (see also para 13 of this Circular)

Govt order Para 8 5. The Amildar will carefully attend to the wishes of Govt. Contained in this para. Pending demarcation of the Zones by the Revenue Survey ~~Superintendent~~ Department (see Next para), should any disputes arise relative to the Vanam assigned to a shop or Group of shops on the distribution of the trees of a Vanam among several shops which formerly under one Contractor or Shikmidar took toddy from that Vanam Collectively, but which shops being now given to several Farmers, Each Farmer wants his rights defined, the Amildar should direct the Patel and Shanbogue to convene a Panchayet

and amicably settle the matter forthwith. The lines on which a settlement can be practically effected so as to satisfy all parties are laid down in the instructions separately issued on the subject which should be carefully followed. In case the parties are dissatisfied with the settlement effected by the Village Officers, they will within 15 days thereafter prefer an appeal to the Amildar in which they will clearly specify the particular points on which they seek redress and the Amildar with the aid of the Taluk Inspector will make the required Enquiry personally and dispose of the matter in fairness and justice to the rights of all the parties Concerned. Pending disposal of the Case by the Amildar or on appeal to the Deputy Commissioner Each party will be bound by the terms of the last decision

Govt Order Para 6. It will not be possible for the Survey ~~Superintendent~~ Department to send the measurers till 1st November next. In the meantime an Extract from the returns prepared by the Protwari Daraga (Form Enclosed) will be sent to Each Taluk

by the Revenue Officer for the village. Columns 1 to 10 have been filled in ~~as far as information~~ as far as information was available in the Daroga's Office. And will be sent to the Superintendent, Revenue Survey by the Executive Assistant Commissioner district As desired by Government. An Extract from this return should be sent by the Amildar on receipt to each Shanbogue to be carefully checked and blanks (Columns 4, 5 & 6) Completely filled in. Column 7 will be filled in by the Shanbogue after the Existing Survey numbers have been redemarcated into Convenient akkani Sub-numbers by the Survey Department to meet the wants of the Toddy Department and the Shops assigned to each Vanam. The information contained in Columns 1 to 10 is necessary to facilitate the settlement to be effected by the Survey Department to obviate future disputes. The data thus recorded and the particulars noted in Columns 12 to 15 will form the Register required to be kept as enjoined in para 15 Clause 5 of the order of Government.

Government order Para 10. 7. To give practical Effect to Clause (a), A set of rules prepared by Mr McDonnell and approved by the Deputy Commissioner will be issued, detailing what is to be done to conserve the trees and illustrating the class of trees to be tapped and not tapped and how this is to be done, As well as how the trees should be treated when leaves are removed by agriculturists, professional mat and basket makers &c. The illustrations show at a glance how these several duties have been practically performed by professional adepts and will give the Taluk and Village officers the means readily Judging if this work is properly done in their Charges also.

Govt Order Para 10 Clause (b). 8. See below instructions on para 12 of the order of Government Clause (a).

Govt Order Para 10 Clause (c). 9. In this matter Amildars should at once take steps to collect seed from mature trees. The seed should be three-fourths ripe

They should be planted as soon after being picked

As possible. The best site to establish such a plantation

is along the farthest water-spread at or in the vicinity

of the Taluk Kusbahs and Villages where toddy shops

Exist. The Nerganty Assisted by the Village Kulavadi

should sink the 'goodily' into the ground five or six

inches deep, turn up the clod, pulverise it and

just in two or three seeds (with the fruit on it as

picked) and Cover them over. This should be

done every 10 feet. Three or four rows will suffice

As per margin. This step will have a

two-fold object. (1) It will prevent

silting up of the tanks and (2) Enables

the toddy being utilised, fresh

And sweet on the spot where it is

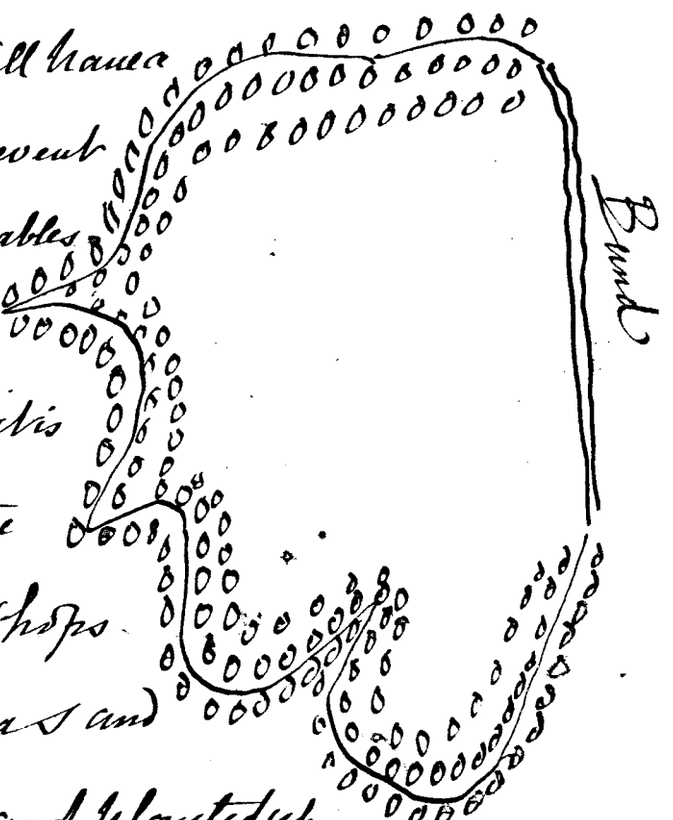
to be sold. Waste land in the

Centre of groups of six to ten shops

in the Vicinity of Taluk Kasbas and

Villages should be selected and planted up

by the Aid of the Village Officers.



Government order Para 11 10. The Amildar

should pay careful attention to the instructions

Contained in this para of the Government order

and insist on the punctual collection by the Toddy
Khists and on the prompt remittance thereof to the
Treasury by the Patels and Shanbogues Concerned.

Govt Order Para 12. 11. The instructions of Govt
contained in Clauses (a) & (b) should at once be com-
-municated to the Village Officers.

Govt Order Para 12 Clause (c) } 12. Orders have already been
issued appointing Toddy
Inspectors according to the requirements of each Taluk.

Govt Order Para 12 Clause (d) } 13. The particular attention
of the Amildar is drawn to this
Clause and the Deputy Commissioner relies on those
Officers making the question of the Excise Revenue
a Special Study and that they will Completely
master the whole subject and thoroughly
work this branch of the Revenue in a practical and
Efficient manner

Govt Order Para 13. 14. In addition to the General
instructions contained in the foregoing paras a
set of detailed instructions will be issued, defining
clearly the duties of the Officers and employées

Engaged in this branch (Jodicy) of the Excise Revenue
Which should be duly circulated for careful
Study and guidance. The Amildar will at once
Submit three returns in the accompanying forms
with three brief reports giving his opinion on the
points raised and any suggestions he has to
~~make~~ put forward for the better working of the
New Jodicy System. Those Amildars acquainted
with English should do so in that language.
These reports should all be sent in on or before
1st June next ensuing.
Govt order Para 14. 15. The Amildar will
direct all his correspondence to the Deputy
Commissioner's Office in all matters affecting
Every item of Excise Revenue to the address of
the Officer in Charge of the Excise Revenue
Kollar District. Such papers as need the special
opinion or intervention of Messrs Mc Donnell and
Gopal Iyengar will be referred to them. The
Special Department of the District Office now
created will dispose of all other papers.

Govt order Para 15. 16. Mr Mc Donnell's

issued a circular to Amildars with a form to be filled

in giving the details needed under clause (I) as to the

alterations to be made in the Mutchelkas, the stamp

Certificate to be endorsed thereon &c. This return should

be filled in and sent direct to that Officer for thwith

for Scrutiny and transmission to the Deputy

Commissioner by 31st May 1892

Govt order Para 15 Clause (II) } The detailed instructions issued for the disposal of disputes

Connected with Vatans (Vide para 5 of this Circular)

will, it is hoped, effectually dispose of this point;

but if in any particular Case, the Talukand

Village Officers cannot possibly do the needful,

the papers should be sent (through this Office) for

transmission to the Special Officers for report or

disposal, as the Case may be. Any instructions

given to Amildars by these Officers should be

promptly attended to

Govt order Para 15 Clause (III) } 18. This point will be dis-

- posed of hereafter

Govt order Para 15 Clause II & V § 19. Vide Paras 14 and 16

20. In conclusion, it may be observed, that the Muchilka with the acceptance at foot takes the place of the licence. An authenticated Copy duly signed and sealed should be furnished to Each Farmer with Spare Copies similarly signed and sealed for issue to Each Wholesale and retail toddy Shopkeeper employed by the Farmer. Until further orders, it will be the duty of the Officers of Govt. Simply attend to the following instructions: —

I That no toddy is sold at the Vanam, Gavonte from Vanam to Shop, or at other than the place named in the Muchilka, a Copy of which should be furnished to Each Patel and Shanbogue in the Taluk for their

II That the Shops are punctually paid.

III In all other points, the parties should be simply warned against any breach of the Conditions of the Muchilka and Licence thereof kept, but they should not

not be prosecuted therefor for the present.

69

This order is issued at the Express request of the Diwan Bahadur to Mr Mc Donnell.

(10)

To

The Excise Commissioner
in Mysore

Sir,

With reference to Government Proceedings No. 1019-29 dated the 12th ultimo, issuing instructions for carrying into effect the new scheme for the administration of the Toddy Revenue, I have the honor to report that orders have been issued to the Amildars pointing out the duties which devolve upon them and their subordinate officials under the new scheme and strongly impressing upon them to regard the administration of the Toddy Revenue as an important part of their duty.

2. — Information has been called for from the Talooks regarding the number of Toties, Salaries or Kulawadies and

Potels

Potels and Shanbogues required to be employed on Toddy duty and the remuneration to be paid to them, and a report on the subject will be submitted with the least possible delay.

3:- I beg to submit herewith a proposition Statement shewing details of the Toddy Establishment required for this District. I have appointed one Narayanswamy Modaliar as Daroga on a Salary of 40 Rs with a Horse allowance of Rs 15 per mensem as he has been recommended by Mr Mc Donnell Excise Assistant Commissioner, as well qualified for that post. The number of Abkary Inspectors required has been fixed with reference to the extent, the number of Vanams and Shops and the Toddy Revenue of each Taluk, and for those Taluks for which more than one Abkari Inspector is proposed, the pay of the additional Inspector is fixed at Rs 15 with a Horse allowance of Rs 10 per mensem. In anticipation of the sanction of Government, only one Abkari

Inspector

Inspector has, for the present, been appointed for each Taluk, and the selection has been made partly from Abkari Amins who have had experience of the work under the former Contract system and partly from well qualified officials of the Taluk establishments and also from deserving members of the temporary establishment sanctioned up to the 31st March 1892. I consider it necessary that each Abkari Inspector should have a peon. Mr. Mc Donnell thinks that the peon to be given to the Abkari Inspector should be a literate man in order that he may be of use in doing clerical work also and taking up the work of the Inspector in case of his illness. I agree with Mr. Mc Donnell and accordingly propose a pay of 8 Rs. per mensem for the Abkari Inspector's peon. It is also necessary in my opinion that the Daroga should have a peon and I have therefore proposed one on 6 Rs. 6. I

have

have also proposed a contingent allowance of one Rupee for the daroga and for each of the Abkari Inspectors

4. There are few Inamdars in this District who under their Sanads are entitled to the Toddy Revenue of their villages. Reports have been called for from the Talooks regarding the claims of such Inamdars if any, and they will be carefully enquired into and reported upon for the orders of Govern-
-ment.

5. — The Amildars have been strictly ordered that pending the Survey and demarcation of data groves by the Survey Department, the existing arrange-
-ment regarding the grouping of Shops and the assignment of Vacancies should not be disturbed without the previous Sanction of the Deputy-Commissioner and that disputes arising among the farmers, should be disposed of in accordance with what has been the Mamool hitherto.

6. — The Amildars have been directed to give particular attention to the several points

points mentioned in para 10 of the Government Proceedings under reference, viz, the due conservancy of existing vanams, the prevention of theft of toddy from the trees, and the illicit drawing or sale of toddy and the planting of new areas where necessary, and to see that the farmers are not harassed with frivolous or vexatious complaints. Mr Mc Donnell has sent me a draft of detailed instructions on these points for the guidance of Amildars and subordinate officials including village servants; but as they appear to me to be somewhat complicated and not capable of being easily understood by them I have reserved the same for a personal discussion with Mr Mc Donnell who has promised to come to Chidambaram shortly.

7. — Forms, drafts of which were sent to me by Mr Gopalangar, Special Revenue officer, have been prescribed for Registers to be kept in the District and Taluk offices and returns to be submitted from the Taluks to the District office.

8. — With reference to para 14 of the

Government Proceedings regarding the Selection of an Assistant Commissioner to be in Special charge of the Excise work of the District, I beg to state that Mr Mc Donnell is of opinion that the Treasury Assistant Commissioner is best suited for it, but as the Treasury officer cannot leave the District Head Quarters and make frequent tours in the District for efficiently Supervising the Excise work of the District I am of opinion that the General Assistant Commissioner should be placed in charge of that work.

I have &c

/Signed/ B. Sreenivasachariar

Deputy Commissioner

No. 127
S.

Dy Commissioner's Office Hassan,
Dated, Camp Subbarayanapatna,
27th May 1892.

From

The Dy Commissioner,
Hassan District.

To

The Chief Secretary to the
Government of Mysore
Bangalore.

Sir,

Referring to Government Proceedings No. 1019-29 Cir: 4 of the 12th ultimo, giving instructions for carrying into effect the new scheme for the administration of the Sayer Revenue, I have the honor to report with regard to para 14 that the Assistant Commissioner selected for Excise work should be one who would move about throughout the District and would inspect the work done by the Daroga and satisfy himself whenever

whenever it may be necessary to do so. My report as to the selection of an Assistant Commissioner for Excise work will be submitted later on. In the meantime, I will myself look after the work for some time until everything is satisfactorily settled. —

2 — The Abkary Daroga should be constantly going into the Talukhs to supervise the work of the Abkary Inspectors and to give them necessary instructions. He should submit his diaries and also special reports upon important matters for my orders. There should be no connection whatever with the Executive work done by the Daroga and the excise work done in the Head Quarters Office. It is therefore necessary that one hand should be in the Head Office

Office with the Deputy Commissioner or Assistant Commissioner as he will be primarily in charge of the whole of the Excise work of the District. —

3 — In the District Office the clerical work, such as the English and Canarese Correspondence, the preparation of the monthly D. and B Account of Excise on Spirits and Drugs (Revenue serial no 6) to be submitted to Government, the issuing of licences and a good deal of other work connected with the Excise Administration, will require a separate hand. Mention has already been made in the last Excise Administration Report that the Excise work has increased very much of late and that a hand ought to be newly sanctioned

sanctioned to attend to that work.

It will moreover be observed on a reference to the Budget Estimates, that the scale of Accountants is smaller in this District as compared with the other Districts excepting Chitaldroog.

4 — It does not seem to be quite necessary to give a Gumasta to the District Treasury for the mere Compilation of the daily Collections. The Excise Account-ant of the District Office or the Assistant Commissioner's Office may Compile, from the Treasury "C" Chitas or from Copies of Jama challans obtained from the Amildars and Compare his statement of Collections with those of the Treasury once a week or so. I request that sanction may be accorded for the entertainment of

of two hands, one on Rs 25 for the District Office and another on Rs 20 for the Assistant Commissioner's Office as competent hands cannot be had for less pay.—

5— With regard to the fourth part of para 13, a statement showing the number of Abkary Inspectors required for the District is enclosed - A separate report will follow on the other proposals referred to in the proceedings. Copy of this letter has also been forwarded to the Excise Commissioner.—

I have the honor to be,

Sir,

Your most obedient servant

(114)

Enclosure to SCR

No.	Taluk.	No. of Hobblies.	No. of Inspectors.	Proposed Pay and allowance	Remarks.—
1	Hassan	9	1	20 + 10	Abkary Inspectors are necessary for these three Taluks as these are Maidan Taluks and the Toddy work is vigorous there. Moreover the Toddy Revenue is also greater here than in other Taluks. Of these two Taluks one or two Hobblies in the Arkalgud Taluk belong to the Malnad portion. The pay proposed is therefore less. or one Inspector on 20+10 may be sanctioned for both Taluks and an allowance of Rs 4 may be given to the Shaikoar of the Malnad Hobblies.
2	Arsikere	6	1	20 + 10.	
3.	Cheinarayapatna	7	1	20 + 10.	
4	Holé Narsipur	4	1	15 + 10.	
5.	Arkalgud	6	1	15 + 10.	
6	Manjarabad	8	1	20 + 10.	One hand may be sanctioned for the Hobblies in which Toddy is drawn and sold or even merely sold. Or an allowance of not less than Rs 3 may be given to the Shaikoars of such Hobblies and Rs 2/ to the Shaikoars of the other Malnad Hobblies.—

To.

The Chief Secretary to the
Dewan of Mysore

Sir,

In reference to
the proceedings of the Go-
vernment, N° 1019-29
dated 12th April, 9
have the honor to submit
the following report -

2. Para 5. I have
called on the Amildars to
investigate the claims of
the Inamdars and
shall report on them, in
due time -

3. Para 8. I understand from Mr. Mc Donnell that the rule laid down by the Government to the effect that in the distribution of Vacants, the old Manual should, as far as possible, be followed, could not be given effect to, as the Manual which had been established apparently on the principle of right proceeding from might was too arbitrary to answer the purpose of a reasonable distribution. I understand that Mr. Mc Donnell informed the Renters clearly at the time of sale, of his re-distribution. There cannot therefore be much room left now for any complaint. In the practical working of the farm complaints may, however

arise - I shall promptly attend to them

4. Para 12 clause (a) - I have called for the information required for the disposal of this question - and I shall on its receipt address the Government separately -

5. clause (b) - I beg to submit for the information of the Government, the forms of the Registers I have prescribed in consultation with Mr Mc Donnell - I must however add that I am not sanguine of much success so far as the accuracy of these Registers is concerned - I am afraid they cannot be more accurate than the Village Registers of Births and Deaths - I am not therefo

quite sure whether inac-
-curate registers relating
to Revenue shall not do
more harm than good -
I shall however try to
secure the maximum
accuracy possible under
the circumstances ——

6. I shall address
the Government again
in regard to the remu-
neration to be paid to
Patels and Shanbogues, —
when I shall get the re-
quired information from
the Amildars -

7. Clause (c) I have
discussed the question of
Abkarry Inspectors with
Mr. Mc Donnell - He
thinks that instead of
having a uniform rate
of remuneration for all
Inspectors, we may with
advantage have two —

classes. I quite agree
with him. I enclose
a statement shewing the
number of shops and
Vanams in each Taluk,
its total Toddy Revenue
(including Inams) and the
number and classes of the
Revenue Inspectors I pro-
-pose to employ. In con
-sideration of the shops
and Vanams and also the
Revenue I have allowed an
appointed two Inspectors
to (1) Mayady (2) Kankan
-hully and (3) Closepatt
and Chennapatna each -
I propose to give two
Inspectors to the Bangalore
Taluk also as, though it
has a comparatively smal-
-ler number of shops and
Vanams, it has the largest
revenue - The Amildar,
who is a man of considerable

local Experience, asks for
two- I have however appoint-
-ed one, pending the orders
of the Government-

8. As regards the pay
Mr. Mc Donnell proposes
Rs: 20 and Rupees 15
each for the 1st and the 2d
class respectively, with
Rs: 10 as horse allowance-
For the class of men I have
instructions to employ the
above scale will answer-
we are giving a start to
a new School, and "
therefore, in the men we
now employ, Experience
ought to be made the first
qualification- Such men
cannot be better supplied
otherwise than from the
classes referred to in the
above quoted paragraph-
I am not well acquainted
with these men in this "

District, but from my
experience of them else-
-where, I ought not to exc-
pect to find in them a
very high standard of
character as well as exc-
perience. For the former
we must look to men
in whom education or
associations have implan-
-ted a high ideal and for
such men a higher scale
of pay would be neces-
-sary which must how-
-ever be reserved for
future consideration.

9. The classification
of the Inspectors. Hoskote
has 20 shops and 11 Va-
-nams but its revenue
is hardly 3000 Rupees.
Devanhully has 17 shops
and 10 Vanams with but
hardly 4000 Rupees, as
revenue. Anekal has a

revenue of about 9000 rupees but it has 19 shops and only stray trees - These Taluks may each be given a 2nd Class Inspector - The rest of the Taluks should have each a 1st Class Inspector and in those of them which are to have two Inspector the 2nd man may be of the 2nd Class - Thus, my proposal is to employ 6 First Class Inspectors and 7 Second class " Inspectors - It may perhaps be more convenient to make the pay personal rather than local, as, in that case, promotion need not necessarily take away one from a place where he has made himself useful -

10. Mr. Mc Donnell

proposes to give a Peon to each Inspector on Rs: 8 a month. His reason is that there is a great deal of writing and account work to be performed at the Taluk Office, for which the Amildar cannot possibly spare a hand from his regular establishment and that as the duties of the Inspector require itineration, there must be some one left at the Taluk Office to attend to Office work. I fully concur in it, but I would appoint instead of 13 Peons on Rs: 8 each, 9 Mutsuddies on Rs: 10 each one for each Taluk. I shall not appoint them till I hear from the Government.

11. Para 13. Clauses 1st, 2nd 3rd and 4th ——

discussed in the preceding paragraphs -

Concluding clause I shall reserve my remarks for the present -

12. Para 14 - Mr. McDonnell suggests that the Assistant Commissioner in charge of the Treasury who always remains at the Head Quarters may be entrusted with the Excise duties - I am of the same opinion - A great deal of the work is connected with accounts and no other Assistant commands the facilities which the Treasury Officer has - Besides as a personal Assistant to the Deputy Commissioner, he should be available whenever wanted — a condition which the General Assistant cannot fulfil from the nature

of his duties - 10 d's for —
inspection, there is a Da-
-roja - I shall be myself
out in the District fre-
quently and my other
iterating Assistants
can easily be made avai
-lable whenever needed -

13. But Mr Anna-
jee Row who is incharge
of the Treasury considers
that he cannot do justice
to the work as his Treasury
and other duties keep him fully
employed - I understand
that the Treasury work
in this District is heavy
and in addition to it,
Mr Annajee Row has —
Registration, Muzrai and
Minor Municipalities -
I am already thinking of
relieving him of the last
two items, which will to a
certain extent lighten his

work - But Mr Anna-
-jee Row does not desire the
new work - If I force an
experimental scheme
like this on an unwilling
Officer, its success or failure
cannot be traced to its
own merits or demerits -
I have therefore selected
Mr Raghavacharier - But
I beg to suggest to the
Government the desira-
-bility of attaching an al-
-lowance to the duties as
an inducement to the
Treasury Assistant to
undertake them -

14. I have appointed
a Daroga on Rupees 40 +
Rupees 15 as horse allow-
-ance - I consider the sa-
-lary quite inadequate for
the responsibility; but I
shall not propose any
increase till I can see
what the whole establishment

is likely to cost - 102

15. Mr. Mc Donnell proposes to give the Daroga a Peon or Mutsuddy to be designated "an Excise Officer" on Rs: 10, a month - Mr. Mc Donnell thinks that this subordinate may during emergencies, be got to do the duties of the Daroga temporarily - I regret I cannot agree with Mr. Mc Donnell - A Mutsuddy is unnecessary as an Office Gumasta is provided, and I do not approve of the idea of getting a man of Rs: 10 to do the responsible duties of the Daroga, however short the term may be - But the Daroga I think must have a Peon - I propose to employ one on Rupees 7 -

16. 105 The Gumasta in my Office has much to do and much that requires care and attention and a considerable amount of experience - A raw man is quite unfitted. The Gumasta must be able not only to keep accounts but also to draft in English to some extent - I consider Rs: 25/- by no means too high - but pending the orders of the Government, I am going to appoint one on Rupees 15/-

17. Para 18. Mr Mc Donnell will attend to this -

I have the honor to be

Sir,

Your most obedient servant,

Mir Shurfut Ali
9/mre.
Deputy Commissioner
Bangalore District

Dep.. Commissioner's Office,
Hassan District.

Dated, Camp Belur 26th June 1892.
2 July

From,

The Deputy Commissioner,
Hassan District.

To

The Chief Secretary to the
Government of Mysore
Bangalore.

Sir,

In continuation of my letter No. 127 of the 27th Ultimo, submitting certain proposals regarding the new Toddy Scheme, I have the honor to report with reference to para 12 of Government Proceedings No. 1019–29 cir: 4 Dated 12th April 1892, that it is not desirable to employ Toti, Talari or Kulwadi for the purposes of conservation of Vanams and fire.

-vention of theft or illicit drawing of Toddy. These Servants are as a rule overworked having to attend to several duties in the village. Being themselves in the habit of drinking Toddy, they will be naturally tempted to misappropriate a good quantity for their own use, and allow others to make use of it with impunity, it is therefore not safe to entrust the Vavanas to their care. Nor is it possible to punish them in case of detection, for they unscrupulously give up their service and it is difficult to procure others on the same pay for the multifarious duties they are now doing. The ultimate result of such a step will be to throw a great obstacle in carrying out of the Revenue work

proper

proper

2- The Pottaji amount paid to the Potélo and Shanbogues is fair and they need not be further re-
-munerated for the Jodry work. Under the Land Revenue Rules, the Potel, being the head of his village is of course responsible for the proper management of the same. The Potel and Shanbogue shall jointly be responsible for the collection of Jodry Revenue as they are for that of Land Revenue.

3- I am of opinion, that watchers may be entertained for the purposes specified in para 10 of the Proceedings. Literate men may be procured on a pay of Rs6 per mensem. Each is to be primarily responsible for Vanams within a

radius

radius of 5 or 6 miles, and the Patel is of course, ready to help him in cases of theft, illicit drawing of Toddy, or any other irregularity, just as he does to the Police, in Police matters. The enclosed statement shows the cost of proposed watchers and peons as compared with the remuneration proposed by Government to be paid to the village servants.

4.- The Taluks of Arsikere, and Chennarayapatna richly abound in Toddy Vanams and the Amildars of those are not in favor of Totis, Talaris, or Kalwadis being employed for Toddy work, and they are both of opinion that watchers may be entertained. The other Taluks do not at all Contain Vanams deserving the name, and the date trees there

are few and far between. The Abkari Inspectors with a few watch-ers, are quite enough to manage efficiently the Toddy work in such Taluks. Copy of the Sesikere Taluk Amildar's memo is submitted for perusal.

5. I beg to submit a revised statement showing the number of Abkari Inspectors proposed to be entertained in the District. It was proposed in my letter under reference that one Inspector could be appointed for the Hassan Taluk inclusive of the Grama Sub Taluk on the Consideration that there are no Vanams in the former. On the other hand, there are 21 Shops in the Grama Sub Taluk yielding a Revenue of 8747 Rupees, and 26 Shops in the Hassan Taluk proper with a Revenue of

Rupees

Rupees 21,585. On a deliberate Con-
sideration of the number of Shops,
the revenue realized therefrom, and
the distance from one Shop to another,
I find, that it is quite impracticable
for a single Inspector to supervise
the work properly and to inspect
the Shops as often as it is necessary:
6. As stated above, the Hassan
Taluk (Grama included) consists
of 47 Shops and it will take not
less than a month for the Inspector
to go round from one Shop to
another in addition to his other
duties and the interval between
his first inspection and the
next would exceed a month. This,
I am afraid, will necessarily give
room to several malpractices
which

which should be prevented. I, therefore propose the entertainment of two Inspectors each on Rs 15+10.-

7 — It was also proposed that one Inspector on Rs 20+10 would do between Manjarabad and Belur Taluks as there are found 23 shops respectively. On a re-consideration, I find that though the number of shops in the Manjarabad Taluk is small for claiming the services of an Inspector separately for that Taluk yet, as the shops therein are scattered and not close enough the distance from one shop to another is great and considerably greater from one Taluk to another. If one Inspector is appointed between the two Taluks, the work of both Taluks will suffer.

8

the appointment of an Inspector separately for each Taluk is therefore found necessary. I accordingly propose the entertainment of an Inspector on Rs 10+7 for the Manjarabad Taluk and another on Rs 15+10 for the Bélúr Taluk.

8. The Taluks of Nerikere, and Channarayapatna, being extensive ones and abounding with Toddy Vanams two Inspectors are necessary for each of these Taluks and provision is accordingly made for them in the statement.

9. As the Abkari Inspectors position corresponds to that of Shikdars and as they are required to be constantly on the move, it is desirable that they should be allowed peons to accompany them and

I would therefore recommend at least one peon for every Inspector on Rs 6/ per mensem.

10. Lastly, with regard to para 5 of the Proceedings, I beg to state that it will take up much time to enquire fully into the claims of all Inamdars for Jodey Revenue and it would facilitate early disposal of this matter, if the Inam Superintendent is asked to furnish a list of such Inamdars from a reference to the original enquiry Register in his office.

11. Early orders are solicited on the proposals contained in this and the previous letter.-

I have the honor to be,
Sir,
your most obedient servant;

Sd/ [illegible]

Dy Commr's Office Hassan
Dated 2 ai June 1892

129 (162)

Memo.

With reference Circular order No 298/1115 without date from the Deputy Commissioner, Hassan District, Containing detailed instructions to the Amildars for the working of the newly organized Forest Department, as sanctioned in Government Proceedings No. 1019-29 civil 4 Dated 12th April 892, I humbly beg to suggest for the Consideration of the Deputy Commissioner the following points.

It is well known that the Taluk of Arsikere is an extensive one, the distance from

from east to west being 30 miles, north to South 36 miles and the area 1080 square miles. In point of Toddy Revenue this Taluk is the most important one in the District of Hassan, as it Contains the largest number of Shendi trees and supplies toddy to 53 shops of this Taluk as well as to the shops of Hassan and Manjarabad Taluks, yielding a Revenue of nearly 33,000 Rupees annually to Government from all these Taluks and I therefore think that the Conservancy and preservation of toddy Groves is reserved

reserved parts of the Taluk should be first attended to with utmost care and economy.

2. In para 12 clause a of the Government Proceedings quoted above, it is enjoined that Toti, Talari or Kulwadi must be employed for the purpose of preventing theft or illicit drawing of Toddy in villages, where vanams exist and have to be conserved and that he should be paid for such work a remuneration of 10 or 12 Rupees a year. Such servant is not to be found in all villages, generally and even if found, he is

overworked

overworked and ill paid;
he has to assist the Potail
and Shanbogue in Col-
-lection work, and when-
-ever a Shalldar visits
the village he has to take
reports to the Taluk —
Cutcherry or get any de-
-faulter of payments of
Kandayam or carry the
Duffers of the Gumastas
when the Shalldar goes
on Circuit, as no allow-
-ance is granted to Taluk
officials or Court in
night patrol duty if his
village happens to be on
the side of the High Road,
besides attending to his
other legitimate public
and domestic wants and
duties. In such cases
such

such class of servants is not at all remunerated by Government but they solely depend upon the ayah they get from some of the Raiyats of the village; for example most of the servants of Kanakatté Gably Generally When this is the case, I think it is too much to entrust the responsibility of preserving the Varams to such men and pay them 10 or 12 Rupees a year. In place of this arrangement I would suggest that a watcher on Rs 6 a month may be employed to look after varams and plantations within a radius of 5 or 6 miles

Inles, and hold them
strictly responsible for
the purposes named in
para 12 clause a. The
amount which may have
thus to be spent will
not, I fancy, be much in
excess of the amount which
the Government are pre-
-pared to grant to Toti,
Talari or Kulwadi. There
are 78 villages in which
there are vatans in the
Taluk to be carefully
looked after and the
Rolls of which are re
-quired to be renumer
-ated. Giving at the rate
of 12 Rupees per annum
as now sanctioned by
Government to each Toti
if

it would be Rs 936 for 120
the whole year. In place
of this, I would suggest
the appointment of 15
watchers for the whole
Taluk to look after the
vanams lying within
a radius of 5 or 6 miles
in 4 or 5 villages, at
6 Rupees each per
month, the total
amount being Rs 1080.
Deducting from this the
amount sanctioned
by Government, the excess
will be Rupees 144.

3 - For the reasons
mentioned in para 1 of
this memo, I would re
-commend the appointment
of 2 Abkari Inspectors
to this Taluk, and 2 peons
on

on a Salary of Rs 60 each,
one to each Inspector,
this appointment I
consider very necessary
as the Inspector has
to go out often and send
for Contractors, watchers,
Patels and Shanbhogues
&c., for the inspection
of Varams and Shops
and for checking the
Shanbhogues accounts &c.

As the work of Mamlatdar
in the Taluk has con-
siderably increased owing
to reasons mentioned
to Deputy Commissioner
in person while at
Gandasi on circuit
and as prompt steps
will have to be taken

in giving effect to orders of Superiors and giving instructions to the Inspectors and seeking instructions from several Heads of this Department, I would recommend that a Clerk on Rs 10 a month may be appointed and kept in the Taluk Cutcherry to assist the Sirkar and Abkari Inspectors in their Correspondence and in keeping accounts connected with this branch of work. The Grant of Rs 2 monthly Contingent allowance is also necessary.

4. The annexed statement shows an increase of Rs 432, which consisting

-ordering the importance
of the scheme and the
amount of revenue
yielding to Government
and the satisfactory
method of work contemplated
by the proposed scale
is in my humble opinion
not at all Considera-
-able.

5. With reference
to paras 12 & 21 of the
Deputy Commissioner's
order, I beg to propose,
that Soornarayana.
petty, Shaikdar of
Arsikere Hobly, who has
been drawing a salary
of Rs 15 a month and
whose service extends
for 14 years and who
knows

knows some English
and who has been re-
-commended for pro-
-motion on manage-
-cashers but without
success, may be appointed
as Abkari Inspector
to fill up his place
in this busy and
important Habli, I
would recommend
the name of Ramjana,
Deputy Munshi, in this
office on Rs 12 a
month and now acting
Shirkdar in Banawar
Habli, during the
absence on leave
of permanent incumbent.
He is a thorough
official from the
late

late Amlé Department
where he was drawing
15 Rupees a month. He
has acted as Shaikda
on several occasions
and given satisfaction.
I have no Shaikdars
drawing Rupees 10 in
in my Taluk to re-
-commend to fill up
the vacancy caused by
the promotion of Kasba
Shaikdar. With refere
to para 21 of the Deputy
Commissioner's Circular
order, I regret, that
Siddalingagowda, who
was appointed by the
Excise Assistant Commis-
-sioner as Amin of this
Taluk, has no knowledge
whatever of this work
and

and has in consequence entirely failed in discharging his duties as Amin during the short period of 2 months viz February and March 1892. He seems to be quite incapable of doing any revenue work in the executive branch as Shaikdar.

6. Should my proposal as recommended in para 3 of this memo be approved by the Deputy Commissioner, I beg to take this opportunity of bringing the name of Chowdary to the notice of the Deputy Commissioner and recommend him to the post

post of 2d Abka Inspec
-tor. Chowdaiya was a
Amin in the service
of late Abkari Contrac-
-tor for several years,
and possesses good
knowledge of the Depart
-ment and is intelli-
-gent and quite capa-
-ble of doing this
work as he is well
acquainted with local
Idgars. He acted as
Government Amin in
this Taluk in the months
of October, November
and December 1891.
But there is nothing
to be considered in
appointing Chowdaiya
as Amin. He is the
present

present Arrack Con-
tractors for the Hassan
and Arsikere Talukas
and also Kali Mutsuddi
at Arsikere. If the
appointment of such
a man is objected to,
this being Contrary
to Government order
No. 4432-39/129 Dated 12th
September 1888, I would
like to recommend
Mallamaiya, Nagadi
Gumasta on Rs 15
a month for the
2d Abkari Inspector-
ship. He is a young
and active man of
good habits and has
given entire satisfac-
tion in the discharge

of his work in various capacities. He was for some time as Taluk Inspector and was also deputed to Phoda work in the Taluk. His many qualifications have been brought to the notice of the Deputy Commissioner in person at the time of last Jamabandi. —

Rev

Office of the Excise Commissioner
in Mysore,

Dated, Bangalore, 15th July 1892.

(19)

O/ 536/21

From,

The Excise Commissioner,
in Mysore.

To,

The Chief Secretary to the Dewan
of Mysore.

Sir,

Adverting to your docket No: 5113/469, dated 21st October 1892, I have the honor to submit the following report on the Strength and cost of the establishment needed for the Toddy Department with my remarks and suggestions on the principal points involved in the matter:—

Officer in charge of the Excise Revenue in the District } 1 The Deputy Commissioners of Kolar, Chittaldroog and Shimoga are in favor of nominating the General Assistant Commissioner for this duty, while the Deputy Commissioner of Mysore wants to delegate his Police Assistant Commissioner to do the work, and of Bangalore his Treasury Officer. The Hassan and Kadur Deputy Commissioners do not appear to have yet made up their minds finally in the matter. The Deputy Commissioners of Tumkur and Mysore state that the Assistant Commissioners are allotted certain Talukhs, and their work is restricted thereto.

2. My impression is that it is not practicable to delegate one Assistant Commissioner to do both in and out-door work.

The

the formation of Sub-Divisions in some, and the Assignment of certain Taluks, in other cases, to Assistant Commissioners, militates against this course being followed.

As the principal and most important work lies in the Treasury Department, the Treasury Assistant Commissioner may be made directly answerable for the realizations under all heads of the Excise Revenue (Arrack, Toddy and Drugs). He will have the Demand, Collection and Balance Accounts prepared and bring them up to the Deputy Commissioner fortnightly. This will enable action being taken promptly against defaulters. He has been given a Clerk to do so. The Treasury Officer will send the Monthly Demand, Collection and Balance return to the District Office, in the form prescribed in Government Proceedings No. 4592-601/75, dated 4th June 1892. After check in the Revenue Account Department of the District Office, it will be sent to the Excise Commissioner's Office for disposal under para 6 of Rule XXV in Government Notification No: 495, dated 30th March 92.

3. With the aid of the Darogas in the Toddy Department and the Assistant Supervisor of the District and the Jester of the Head Quarters Range (Taluk) in the Arrack Branch, the Treasury Assistant Commissioner as "the Officer in charge of the Excise Revenue of the District", can readily, every fortnight, review, direct and Control the work of the Executive Subordinate Officers, and bring to the Deputy Commissioner's notice any short comings or malpractices, and keep that Officer fully posted up on all that is being done by the Staff, and of what is going on in the Taluks and villages of the whole District. The Deputy Commissioners should let one and all of the Assistant Commissioners

under

under them; whether employed as Sub Division Officers, General or Police Assistants, know that it forms part of their duty and a very important part too, to see that the Excise Rules are practically enforced in the District. Police Officers have been specially invested with Excise powers; and the Police Assistant Commissioner, can, without going out of his way, afford the Head of the District very valuable and substantial aid especially in giving information (1) if cases of illicit distillation prevail, or if Contraband liquor is imported and sold; (2) of the sale of liquor at unauthorized rates; and (3) the use of the false measures. The Assistant Commissioner can arrange to take the Tester or Assistant Superintendent with them occasionally; and when this is not practicable, they can secure a bottle of liquor and give it over to the nearest Police Station to be tested before the Amildar when the Excise Officer comes on inspection. They will be aided in this work which will be facilitated as soon as Hydrometers are placed in the hands of Hospital Assistants, as suggested in this Office letter No. 2049/98, dated 23rd ultimo. All the Assistant Commissioners should send in Special reports monthly of what they have done in this respect to the Deputy Commissioner, who can, from time to time, direct and get remedied any matter which requires the intervention of the Assistant Commissioner.

4. It may be here noted that none of the Deputy Commissioners appear to have fully realized the value of the aid Government contemplated in creating the appointment of "the Officer in charge of the Excise Revenue of the District."

To this Officer will be delegated the check and Scrutiny of the whole of the Diaries, returns, reports and accounts (both cash and general) in detail, and the presentation of the whole in a brief and Comprehensive form promptly and regularly before the Deputy Commissioner for his information and orders. This move was made by Government as Deputy Commissioners could not possibly give the time and attention necessary to practically deal with such important details themselves, without transferring a great deal of responsibility to the Clerks and lower Subordinates of their Offices. An Assistant Commissioner was therefore directed to be placed in Special charge of this very important duty; and the General and Police Assistants of the Districts should be directed to see that the rules are practically enforced outside the Office. The Treasury Officer being always at Head Quarters, will be readily accessible to the Deputy Commissioner. The General Assistant cannot, in many Districts, go all over the District, as Sub Division Officers or other Assistant Commissioners are in charge of some talukas. It may often happen that, when the Deputy Commissioner is at Head Quarters, the General Assistant may be in the outlying Talukas, and vice versa. The executive Staff may not always be able to meet the General Assistant with their diaries and reports, and may make his absence a pretext to evade or delay, seeing him with those papers and reports for orders. In the case of defaulters, this may be of serious consequence, as when orders have to be issued, the General Assistant may not be present to see and get the needful done. Office and executive work should therefore be delegated

to different Asistant Commissioners, and this will ensure

better practical results being achieved. It is therefore absolutely necessary that the Deputy Commissioners should, without delay, give their earliest attention to this matter. If the Treasury Officer has too much to do, some of his duties may be entrusted to the other Asistant Commissioners, or taken over by the Deputy Commissioner, so that he may be able to find time to attend to Excise work in his District which, after all, will not be very heavy.

Executive Staff } 5 The accompanying Statement marked A gives the Strength of the permanent Staff applied for by Deputy Commissioners. A perusal of their reports will show that opinions differ as to the Strength and nature of duties to be performed by the Officers and Staff employed for Toddy work in some Districts, while others are reticent on this and other Subjects. Mr. McDonnell has drawn up and printed a set of instructions defining the duties of the Executive Staff, and the Forms to be kept and rendered. These have been adopted generally by the Deputy Commissioners of Kolar and Bangalore. All the Deputy Commissioners have been desired to adopt the same to secure uniformity of procedure, and obviate confusion, and to report 12 months hence, how the course suggested therein has worked practically, and if any changes or additions are necessary, vide this Office Letter to Government No. 1382/63, dated 1st ultimo, to which I solicit the favor of early approval.

6. The accompanying Statement marked B has been drawn

drawn up in this Office, and gives the maximum Strength and cost of the staff needed for Eddy work in each District, and Statement A marked C for each Taluk in the Province. Provision has been made to Secure efficient Supervision over the Vanas and shops in the Taluks.

The following is a Summary of statement B from which it will be seen that the total cost will amount to Rs 37,452-"-"- yearly, i.e. at 2·5 per cent on the estimated Revenue - Rs 14,02,887-4-6 for 1892-93.

Rank	Class	No.	Rate of Pay and allowance	Amount	Total Monthly	Total Yearly.
Darofas	1st	6	40+15	55	330	
Do	2nd	1	35+15	50.	50	
Do	3rd	2	30+15	45	90	
Peons		9	8	8	72	
					542	6,504

					160	1,920
Taluk Inspectors	1st	29	20+10	30	870	
Do	2nd	58	15+10	25	1,450.	
Do	3rd	2	7+3	10	20	
					2,340	28,080:
Contingencies @ Rs 2/- for each Darofa for 9 -	"	"	"	18	18	
Do @ Rs 1/- per Taluk for 61 Taluks	"	"	"	61	61	
					79	948
					Total	37,452.

Darofas. § 7. These Officers are necessarily needed. They will go round the Taluks, see that the Taluk Inspectors and village Officers are doing their work and keep "the Officer in charge of the Excise Revenue" and

and Head of the District informed of all that is going on, and ~~ft~~ short comings rectified. They will also check the Demand, Collection and Balance return prepared in the Taluk and District Treasuries and attend to the preparation of important reports and returns, and dispose of the office work with the aid of the Treasury Clerk. They will go out for 20 days and remain at Head Quarters for office work during the remainder of the month. They have been graded into 3 classes as indicated in para 6 (See also remarks in Statement B.)

Taluk Inspectors 3.8. These have been graded into 3 classes. Where only Shops have to be dealt with and the number is below 60, or the Vanas are few, or non-existent, ~~the Inspectors~~ pay has been fixed at Rs 15+10=25. Where the shops exceed 60 and the work in Vanas is heavy, two have been nominated, one on Rs 20+10, the maximum pay fixed by Government, and a 2nd Inspector on Rs 15+10=25. In 30 Taluks out of 61, a 2nd Inspector has been provided for to cope with the heavy work there. The Taluk of Belur is considered Malnad, but it has 24 shops and 32 Vanas, and in this respect, has heavier work than many purely maidan Taluks. The Taluk of Sorab has 16 shops and 19 Vanas and Manjarabad 8 shops. The former needs a Taluk Inspector, and for the two latter, it would be preferable to appoint a 3rd Class Inspector on Rs 7+3=10. He will help the Amildar in office work and enforce the rules and check the accounts of the Village Officers better than if these duties are imposed on the Shekdars to whom the Deputy Commissioner of Shimoga proposes to grant

persona

personal allowance. This Officer's proposal to employ Vaida Muthaddies in lieu of Shanbhogues, cannot be entertained, and he was told so. All Inspectors will not only have to see that wanton destruction of date trees by either the tapmen or those taking out licenses, is properly checked by the village Officers, but also to overhaul the accounts of cash and of the quantity of Toddy drawn at Vanas and Sold in the shops, besides other work in and out of Head-Quarters, especially in the preparation and punctual Submission of the Taluk fortnightly return of Demand, Collection and Balance to District Head-Quarters. It will thus be evident that in a Taluk where there are say from 60 to over 100 shops and from 15 to 195 Vanas with 50,000 to Several Lacs of trees, a 2nd hand will necessarily be needed. This has been foreseen by the Government, and provision has been made in this Office proposition Statements "B" and "C" therefor. In such cases one of the two Inspectors can be at Head Quarters to help the Amildar in Office work, while the other is on out-door work. See remarks in Statements "B" and "C"

Taluk Office work. } 9. Challans Should be issued in duplicate, one to be Sent to the District Treasury with the daily accounts and one to be given for cash received and Credited to Government. The Counterfoil will Serve the Taluk Inspector to compile his return after check with the Taluk Treasury daily accounts. No Separate additional Sumasta will therefore be needed for Such Taluks, and in other Taluks where no 2nd Inspector is retained, the work is not too much for one

Inspector

Inspector to attend to bi-monthly while at Head-Quarters.

Office Work Head-Quarters } 10. By utilizing the Services of the Toddy Dars :ga, Asistant Supervisor and Tester (Taluk Head-Quarters) in the Arrack Branch, all the clerical work in the District Office can be readily attended to, as those Officers are at Head Quarters ten days in the month. In the Nuppore District, however, there are 13 Taluks, and as there is no Separate Treasury for the French Rocks Sub-Division, the whole work will have to be performed at the District Treasury. Two hands have therefore been allowed for this District, and for Bangalore where the work is also heavy; especially now in the Arrack Branch. As Soon as the Deputy Commissioners are prepared to take up the work of the Excise staff of Supervisors and Testers in the General Branch, it will be possible to give the Kolar and Shimoga Deputy Commissioners, especially, additional aid by re-casting the pay of the existing hands under Mr. McDonnell, providing for those on higher pay elsewhere, nominating one man on Rs 15 to each of those Districts, and re-arranging the work in the Excise Commissioner's Office as Soon as it is relieved of the direct control and Supervision of the work of the Executive staff, and other details which under the new system will properly devolve on the District Office. By the Savings thus effected, the four other Districts will, it is hoped, be able to Secure an additional hand who will be placed under the Asistant Commissioner in charge of the Excise work of the District. Each District will thus have

have two hands, one in the Treasury, and one under the

156

Assistant Commissioner in charge of the Excise Revenue. No additional expense will be entailed on the State for the 2nd hand. A fresh proposal on this subject will follow hereafter.

Rules § 11. As regards the question of licenses and other rules in the Toddy Department, it will suffice for the present if an authenticated copy of the Farmers' Muchilika be placed in the hands of each Toddy Shop-keeper employed by the farmer. These may be sent by the Amildar through the Shanbhogue, who will enter the name (or change the name hereafter of any shop-keeper) nominated by the farmer. No Separate License or "Appane Chit" will therefore be required for such Shops. So far as the farmers are concerned if the (1) Khist is paid regularly; (2) the Toddy is taken from the Vana assigned; (3) the trees are not wantonly destroyed; (4) the toddy is sold in the locality fixed; (5) at the rates fixed, (6) in authorized measures, (7) that it has not become putrid or bad, it will suffice for the present. The accounts of production and consumption can be kept by the Shanbhogues and copy sent to the Amildar of the Taluk monthly (forms printed and issued), and where the Vana and shops are not under the same shanbhogue, the Taluk Inspector will check and see if what has been sent from the Vana, as per the Shanbhogue's account there, has been properly booked by the Shanbhogue, where the toddy is sold, when he copies the monthly data in his register for each shop from the Shanbhogue's

accounts

accounts sent to the Taluk.

Passes &c. } 12. The question of granting passes and enforcing the other rules at Shops and Vanas may be deferred for the present, and gradually introduced hereafter when Toddy shop-keepers become familiar with and the farmers themselves recognize their utility and want them to be introduced.

Remuneration to Village Officers and Servants } 13. The proposals of Deputy Commissioner as to the remuneration to be paid to village Servants, will form the subject of a Separate report when they come to hand. Reminders have been sent.

Amalgamation of all the Branches of the Excise Department } 14. It may be observed that it would be very desirable that both the Arrack and Toddy Branches should be amalgamated. But this will require some time more. It would be premature to do so till the District Officers have both Departments well in hand:

Special Assistants to Toddy Department } 15 As I had to effect certain reductions in the Distillery, Head-Quarters Range, I have made the appointments at foot, as they were necessarily needed, in anticipation of Sanction, and request the favor of approval to action taken. Provision has been made therefor in Statement B:—

(a) Mr. Costello, Assistant Supervisor and Tester, Government Distillery, on Rs 40+15=55, to do duty as 1st grade Tester under the Head Supervisor, City and Station, pro-tem, (till he can be otherwise provided for in the Excise Commissioner's Office), vice Head Quarters Tester, G. Krishna Rao, B.A, on Rs 35+10=45, transferred as temporary Darofa to Gumkur District on Rs 40+15=55

(b) Two Assistant Testers (Excise Officers) Meer Mahamad and Venkappia on Rs 10/-, Government Distillery, are appointed 2nd Class Taluk Toddy Inspectors, Tiptur and Seera Taluks, on Rs 15+10=25, where a 2nd Class Taluk Inspector is required for each Taluk.

16. Copy of a Circular addressed to Deputy Commissioners is enclosed for the information of Government.

17. I note below (item I) the proportionate revenue payable to the Civil and Military Station; and the proportionate cost debitable to it (items II & III):—

Item II gives the proportionate preliminary cost entailed in collecting Statistics, protecting Vanas and bringing the new System into force in the Station.

Item III gives the proportionate yearly cost, which will

I	Population including City Station and Taluk 269683	:	Population of Station 100081	::	Revenue Settlement for Taluk for 92/93 77456-4--	:	Revenue Settlement for station for 1892-93 28,744-6-3
II	Revenue of the District 225575-2--	:	Revenue of the station 28744-6-3	::	Estimated cost of the District 2882----	:	Estimated cost of the station 367-3-10.
III	Revenue of the District 225575-2--	:	Revenue of the station 28744-6-3	::	Estimated cost of the District 5148----	:	Estimated cost of the station 655-15-9.

have to be entailed, to give the new Scheme effect in the Station. This includes cost of collection, check and Scrutiny over accounts of cash and Consumption and Supervision and Conservancy of Vanas &c. Very careful attention to all these points will not only be necessary to Secure the estimated Revenue effected at the last Settlement being actually realized, but to pave the way to improve the Toddy Revenue in the future.

18. Early orders are Solicited, as it is of importance. Deputy Commissioners Should Start the New Scheme as favorably as possible to ensure good results being achieved this year, and the Settlement for next year being Started at an early date, So as to be completed by the end of December 1892. Owing to the change of the Official year, it would be desirable to induce the present incumbents to continue their

4/- Their Lease for an additional three months so as to bring

159

the Settlement down to 30th June 1893, instead of closing it on 31st March 1893. Failing this, the farms will have to be leased for 15 months thereafter.

x Will forthcom. 19. The original reports sent with the Docket under reply, are herewith returned as per list.

I have the honor to be,

Sir,

Your most Obedient Servant.

L Mickette

Excise Commissioner in Mysore.

1892

From The Excise Commissioner
in Mysore

Enclosure to
No 118

To The Deputy Commissioner
of Districts

Dated

No.

Has the honor to enclose copy of proposals submitted by the Excise Commissioner to Government to provide for the Toddy staff needed, and to state that the strength and cost of the staff sanctioned by Government in Proceedings No. 1019-29 dated 12 April, para 15, should not, on any account, be exceeded.
Cir: 4

2 Pending orders of Government, the Excise Commissioner would strongly urge on Deputy Commissioners the advisability of Excise work of the superior service being divided into two branches "Office" and "Executive" and arrangements made as soon as possible to get the Treasury Officer to assume the former, and the General, Police, and Sub Division Officers, as the case may be, to give practical effect to the latter; while the whole should be vigorously taken in hand by the Deputy Commissioners, and

with the aid of those Officers and the subordinate staff already sanctioned by Government, the Department brought into working order as soon as possible.

3. The staff of Daroghas, Inspectors, Village Offic[illegible] and servants, should be worked on the lines indicated in the Notes sent with this Office Cir: No. 1336-43 dated 1st June 1892.

4 Special attention is invited to para 30 of the Excise Commissioner's letter to Government now enclosed; and it is hoped Deputy Commissioners will do their best to leave the farmers freely to act in all matters unchecked with needless restraints and interference from the subordinate Taluq or Village agen Excluding the 1st and in giving effect to the 5 other points allu to in that letter, the Excise Commissioner would point out the shop keepers should be treated with forbearance and educa and instructed in the rules are punished.

5 The Statement of remuneration to be paid to Village Officers and servants should be expedited.

6 The reports of Inam cases should be expedited, and it would be as well if this work be taken up, completed and rendered Talugwar. The salient points developed during the whole enquiry may then form the subject for a special and brief report for the whole District, and will enable Government to dispose of the questions raised in all their bearings with greater facility. If a voluminous mass of papers are sent in all at once, it will not be possible to readily dispose of the whole within a reasonable time, hereafter.

To

The Excise Commr
in Mysore,

Sir,

With reference to Government Proceedings No 1019-29 dated the 12th ultimo (circ 4) issuing instructions for carrying into effect the new scheme for the administration of the Toddy Revenue, I have the honor to report that orders have been issued to the Amildars pointing out the duties which devolve upon them and their subordinate officials under the new scheme and strongly impressing upon them to regard the administration of the Toddy Revenue as an important part of their duty.

2.- Information has been called for

from

from the Talooks regarding the number of Tolkars, Talaries or Kulavadies, Potels and Thanbogues required to be employed on Toddy duty and the remuneration to be paid to them and a report on the subject will be submitted with the least possible delay.

3. — I beg to submit herewith a — proposition Statement shewing details of the Toddy establishment required for the District. I have appointed one Narayanswamy Modaliar as daroga on a salary of 40 Rs with a Horse — allowance of Rs 15 per mensem, as he has been recommended by Mr Mc Donnell, the Excise Assistant Commissioner, as well qualified for that post. The number of Abkary Inspectors required has been fixed with reference to the extent, the number of Vanams and Shops and the Toddy Revenue of each Talook, and for those Talooks for which more than one Abkari Inspector is proposed, the pay of the additional Inspector is

fixed

fixed at Rs 15 with a Horse allowance
of Rs 10 per mensem. In anticipation
of the sanction of Government, only one
Abkari Inspector has, for the present,
been appointed for each Taluk, and
the selection has been made partly
from Abkari Amens who have had
experience of the work under the former
Contract System and partly from well
qualified officials of the Taluk es-
establishments and also from deserving
members of the temporary establishment sanctioned
upto the 31st March 1892. I consider it
necessary that each Abkari Inspector
should have a peon. Mr Mc Donnell
thinks that the peon to be given to the
Abkari Inspector should be a literate
man in order that he may be of
use in doing clerical work also and
taking up the work of the Inspector
in case of his illness. I agree with
Mr Mc Donnell and accordingly propose
a pay of Rs 8 per mensem for the Abkari
Inspector's peon. It is also necessary in
my opinion that the Daroga should have

a peon and I have therefore proposed one on Rs. 6. I have also proposed a Contingent allowance of one Rupee to each of the Abkari Inspectors.

4.- There are few Inamdars in this District who under their Sannads are entitled to the Sodoy Revenue of their villages. Reports have been called for from the Talooks regarding the claims of such Inamdars, if any, and they will be carefully enquired into and reported upon for the orders of Government.

5.- The Amildars have been strictly ordered that pending the Survey and demarcation of data groves by the Survey Department, the existing arrangement regarding the grouping of shops and the assignment of Vanams should not be disturbed without the previous Sanction of the Deputy Commissioner and that disputes arising among the farmers, should be disposed of in accordance with what has been the Mamool hitherto.

6.- The Amildars have been directed

give particular attention to the
several points mentioned in para
10 of the Government Proceedings under
reference, viz; the due Conservancy
of existing Avanams, the prevention
of theft of toddy from the trees, and
the illicit drawing or sale of toddy and
the planting of new areas where necessary
and to see that the farmers are not
harassed with frivolous or vexatious
complaints. Mr McDonnell has sent
me a draft of detailed instructions
on these points for the guidance of
Amildars and subordinate officials
including village servants, but as they
appear to me to be somewhat complicated
and not capable of being easily understood
by them I have reserved the same for
a personal discussion with Mr McDonnell
who has promised to come to Chitaldroog
shortly.

Forms, drafts of which were sent
to me by Mr Gopalaingar, Special Revenue
officer, prescribed for Registers to be
kept in the District and Taluk offices
and returns to be submitted from the

Taluks

With

I have not
sent any notes
to any Dy Com
except to
Mr Moore at
the Dy Com:
Mysore and
Mr Nelson
Dy Com:
Bangalore
(Civil Service)
if there. The
Dy Com will
address to the
"Secretary Board of Revenue"
in every
letter, which
will be sent
to Mr Nelson
for
Signature
[illegible]

Taboots to the District Officer -

8. With reference to para 14 of the Government Proceedings regarding the selection of an Assistant Commissioner to be in special charge of the excise work of the District, I beg to state that Mr McDonnell is of opinion that the Treasury Assistant Commissioner is best suited for it, but as the Treasury officer cannot leave the District Head Quarters and make frequent tours in the District for efficiently supervising the excise work of the District I am of opinion that the General Assistant Commissioner should be placed in charge of that work.

I have the honor to be
Sir,
Your most obedient servant,

Deputy Commissioner
Shillong District

The Excise Commissioner
in Mysore.

Sir,

With reference to the Govt. Proceedings No. 1019-29 of the 12th April last and your Circular No. 1206-12/25 dated 23? ultimo, I beg to forward copies of Memoranda received from Mr. Ramaswami Iyer B. A. Asstt. Commissioner deputed for Excise duty in the District and also copy of the form of Register to be kept by Shanbhogs recommended by Mr. Gopalaiengar, the Special Revenue Officer.

2. Though the increase of revenue under the head Toddy in this District

+ No 10 of 18th May 1892 &
No. 14 of 26th do

at the last sale was 76 per cent.
the highest percentage in the Province,
there is no question that the Revenue
has to be further developed in
immediate future.

3. To find out the Capability
of each Varam forms the basis of
our future revenue, and though
this has to some extent been ~
ascertained previous to the last
Sales the figures are far from ~
Correct.

4. A Register of the Kind pro=
=posed has to be kept up most
carefully and correctly so that we
may be in a position to know
the real worth of our Varas before
the next sales so as to derive a
fair Revenue to Government.

5. Under the circumstances detailed

in the Assistant Commissioner's
Memo, there is no question that a
Shanbhog having several villages to
manage and not unfrequently residing
at a place distant from his range
is unable to keep up the Register
required of him. If the work be
forced on him, he will simply cook
up accounts. As there is a chance
of an addition to their emoluments
Shanbhogs will naturally come for-
-ward offering to keep the Register
which they can only keep for name-
-sake. A register not kept regularly
and correctly is quite useless for
our purpose.

6. I would therefore urge that
the following additional establish-
-ment may be sanctioned at least
till the close of the year as an
experimental measure, out of the

remuneration proposed to be paid to Shanbhogs -

Taluk.	Gumastas.		Vana mutaddis		Peons		Total.
1 Shimoga.	1 at Rs 12 =	144	1 at Rs. 7 =	84	"	"	228.
2 Channagiri	1 at Rs. 12 =	144	2 at Rs. 8 =	192	1 at Rs 5 =	60	708
			2 at Rs 7 =	168	to Toddy		
			2 at Rs 6 =	144	Inspector		
3. Honnali.	1 at Rs. 10 =	120	1 at Rs 7 =	84	"	"	204
4. Shikarpur.	1 at Rs 7 =	84	1 at Rs 6 =	72	"	"	156
5. Sorab.	1 at Rs 7 =	84	"	"	"	"	84
					Total -	-	1380.
6. For Toddy Darogs.	1 mutaddi at Rs 10 =	120			1 peon at Rs 7 =	84	204
			grand total of	Establishts			1584.

7. The gumasta provided for each of the Toddy producing Taluks will have to do the Excise work of the Taluk including arack &c -

8. At present an Abkari Inspector on Rs 20 + 10 has been appointed to the Channagiri Taluk. There seems no necessity for an Inspector in other Taluks.

2)

9. Mr. Gopalangar too is of the same opinion.

10. Though the Vana Mutsaddies in most cases may not be able to visit each Vana every day, they will be exclusively employed on Dodda work and constantly move about the Vanas and shops and so they will be able to keep up the register — satisfactorily and do the other work required of them; the Patels and — Talawars of villages having chiefly to look to the safety and conservancy of the Vanams.

11. A statement of the Patels and Dotties whom a remuneration will have to be paid will follow.

I have the honor to be
Sir,
Your most obedient Servant
Abdul Rahman, Khan Bahadur
Deputy Commissioner
Shimoga District

No 10

(19 f 1) 179

Memo on the draft instructions submitted for Deputy Commissioner's approval by Mr. Gopal Iyengar, Special Revenue officer, Toddy Department. —

In his draft instructions, Mr. Gopal Iyengar has prescribed a register to be maintained by the Shanbhogue shewing the quantities of Toddy drawn, transported, and consumed for each grove. It is not clear whether it is intended that the entries in the register should be posted up daily. I have grave doubts as to the feasibility of the Shanbhogue, being able to keep a register of this discription with accuracy and promptitude. In the first place, a Shanbhogue is in majority of cases, in charge of two or more adjacent and sometimes distant Villages. During the collection season, he has to move about

in all the Villages of his charge, which will necessitate his absence for a few days at least, from the Village where the prone or chaf is situated - Secondly his presence is indispensable at Taluk or Hobli Head Quarters during the Jamabandy season. Thirdly he has to remain in attendance at the Taluk Head Quarters when annual accounts have to be prepare and submitted. On these occasions he cannot count upon his presence at the Village for days together and unless arrangements are made for carrying out his work, during his absence, the register will be necessarily imperfect and unreliable.

The second point referred to in the draft instructions, which also appears to be open to the objection of impracticability, is the appointment of the Patel to issue the permit for transport of

of toddy. An efficient discharge
of this important duty requires
amongst other things, the constant
presence of this public servant
at his Village. As in the case of
the Chaubhogue, the Patel's attendance
is also necessary at the Jamabandy
and other times. No provision
seems to have been made in the
instructions as to how his duties
ought to be discharged, and by
whom they are to be conducted,
whenever he is absent. It may
however be enjoined that the
Chaubhogue do the Patel's work
in his absence, but there are
occasions when both the Chaubhogue
and the Patel have for proper
reasons to be away. It is, I believe,
a well known practice to draw
Toddy every morning for transport
to the Shops for consumption.
No toddy thus drawn cannot
be allowed to remain in the
grove for any length of time,

both

both because it will suffer in quality as time passes and because the Rules require that it should be consumed within two days at the highest of its production. The absence of the Patel and the Shanbhogue from the village even if it were for a few hours, would have the effect of preventing the toddy drawer from being removed and would necessarily give room for the farmer's Complaint of ~~delay~~ delay and loss, a result to be carefuly avoided in the interests of toddy Revenue.

In giving expression to the foregoing views, it will be seen that I have refrained from alluding to another and more formidable difficulty in the way of ~~requiring~~ requiring Patels to grant passes. It is a well known fact that the patels are as a rule an illiterate class

of men, and of those that [illegible] literate, several know merely how to affix their signatures. It is difficult to see how a Patel without a knowledge of writing, will be able to efficiently discharge the important task enjoined on him. In regard to the collection of the farmer's dues, it seems necessary to define the duties of the village officers in greater detail. The draft instructions merely require the Patel and Shanbhogue of each village to collect the dues for his village. Strictly speaking the Shanbhogue or the Patel has no demand against the farmer, as the latter has been allowed the exclusive privilege of drawing and vending toddy from and in Varams and shops lying in several Villages under different Patels and as the amount due by him on account of each individual Varam and shop has not been

been determined. The Patels and Chaubhoques are not therefore in a position to know the demand for their Villages. It appears to me necessary under these circumstances, either to give the farmer, the option of paying his dues into the hands of any particular Patel he chooses within the limits of his circle, or to require him to state before hand what apportionment of the whole amount he wishes to make to each village where there is a Chali or a Vavan. A third alternative would be for each Patel to receive whatever is paid into his hands by the farmer and have the same credited to government by his Assistant Chaubhoque. But this course is ill adapted to ascertain the actual

balance

balance due from any farmer
at any particular moment.
The dues collected and credited
by Patels and Chaubhoguas of
different villages within the circle
will have to be ascertained
before proceeding to take steps
to recover the balance. It is true
that Demand Collection and
Balance Statements are enjoined
to be maintained at the Taluk Treasury,
but these cannot give the exact
receipts up to any particular
date as they do not include the
payments remaining in the hands
of the Patels unremitted. According
to the draft instructions, 15 days
are allowed in the case of sums
below Rs 100, and one month, in the
case of sums exceeding that
amount, within which the Patel
might remit his collections.
Unless therefore it is arranged
that the Treasury should furnish
the Village officers with an account
of

of the receipts as the transactions occur., no coercive measures can be adapted for recovery of arrears until the expiry of one full month from the date on which the kist amount has to be paid.-

The remaining points referred to in the draft instructions appear to be in accordance with the principles laid down in Government Proceedings No. 1019-2 dated 12-4-92 and such as do not require any modification. I may here add that the Deputy Commissioner has already issued orders in regard to the various points mentioned therein.-

In conclusion I beg the favour of orders on the questions raised in the memo, so that detailed instructions may be early issued to Taluk authorities for their information and guidance and communication to the Village Servants concerned.-

No. 1

No 14

1892 (487)

Memo.

I have already submitted in my memo dated 18th Instant, my views in regard to the difficulties that exist in the way of a smooth working of the new Toddy scheme. Government Proceedings No. 1019-29 dated 12th April 1892 requires the Shanbhogs to keep registers showing toddy drawn, transported or sold. I have shown, I believe, that if these registers are to be maintained promptly and with accuracy, this class of Officials are the last persons from whom such work can be expected. The nature of the existing duties is such as will not allow them to help us much in the direction required. It seems therefore necessary in the interests of toddy work that suitable arrangements should be made for duly and efficiently carrying out the duties required under the present scheme.

One course which suggests itself for favorable consideration is to avail ourselves of the services of a sufficient number of Vana Mutsaddis who had been hitherto employed with advantage

advantage under Government Proceedings
No. 323-33 dated 24-9-91. In the course
of their work, they have gained experience
and a thorough insight into the duties
of Toddy business. They have made themselves
acquainted with the localities where
Vanams exist, the number and nature
of the trees therein, and the preparation
of vanam, and other registers. They could
easily undertake to discharge with
satisfaction, the duties devolving on
them, in conserving village groves,
planting new areas, frequent inspection
of shops ready detection and successful
prosecution of Excise offences, keeping
of registers and the preparation and
due submission of such returns as
may be required for the Vanams in their
charge. It may be objected that the
employment of Vana Mutsaddies is
attended with additional expense,
but the increase will not be much
hardly to any appreciable extent and
of small moment when the manifest
advantages accruing therefrom are
considered. Of all the Taluks in the
District Chennagiri has the largest
revenue, being more than five-eighths
of that of the whole District. It has got

a large number of valuable Vaccums, which besides supplying toddy for consumption within the Talúk, sends large supplies to the adjacent Talúks of Shemoga and Honnalli of the Shemoga District, and Davanageri of the Chitaldrug District. In particular localities, however, the plantations are not enough for local and outside demands, and supplies are consequently received from the outlying Talúk of Holalkeri. New plantations would therefore have to be started, and a constant inspection of the existing Vaccums, and supervision of toddy sales at the shops insisted on. Considering the importance, number and extent of the groves, 6 Vaccum Muttsaddies will not be a large number fixing their pay at a scale of from 6 to 8 Rs, the appointment of this number would cost Government 42 Rs a month, or Rs 504 a year. Government are prepared to grant a small percentage on the collections to the Shanbhogues as a remuneration for the additional work imposed on them. Seeing that in the case of other land Revenue they have sanctioned a 4 per cent

remuneration

remuneration, any smaller payment than 2 per cent would be hardly valued by them, as sufficient for the duties now required of them. Taking this as the minimum rate, it will be found that a sum of Rs 500/ will have to be paid annually to the 10 Shanbhogues in this Taluk. What is now proposed is even less than this amount, a sum which does not appear to be high in the light of the explanation submitted in regard to the necessity. Similarly one Vana Mutsaddy for each of the remaining 3 Taluks of Shemoga, Honnalli and Shikarpur may be employed with the same results.

Besides the Vana Mutsaddies proposed to be appointed, as submitted above, it will be necessary, I think, to entertain an Abkari Gumasta for each of the five to six producing Taluqs. It is an open secret that the Taluk establishments are overworked and unable to perform other duties than

than those which they are now discharging

The Toddy department is a special

and important branch of Revenue

administration and requires prompt

and careful attention to details for

its successful working. As at present

situated, I am afraid that the

work of checking, preparation and

timely submission of periodical returns

cannot be safely entrusted to the

existing establishments of Revenue

Gumastas who are noted for their

slackness in business and inattention

to orders. I would therefore submit

that additional help may be given

to the Amildars in the manner proposed.

The pay of the proposed Abkari Gumastas

will of course vary for different Talúqs

according to the extent of work they

have to do.

The results of the foregoing

proposals

proposals are given in the subjoined table.

No.	Name of Taluks	Sale amount including fees	Amount which has to be paid to Shanbhogues	Amount to be paid to various Inferior Servants	Proposed hap of Akkari Government	Total of the Columns 5 and 6.	Percentage of figure in Column 7 on Sale amount.	Remarks.

Mexico.

Letter No 536 dated 15th July 1892 from the Excise Commissioner in Mysore —

Serial no 19

In reviewing the reports received from the Dy Comm on the points raised in Govt Progs no 1019-29 dated 12th April 1892, the Excise Comm is strongly of opinion that in ~~every~~ districts the Treasury Assistant Commr can very advantageously be appointed "the Officer in charge of the Excise Revenue of the District" and that every deputy commissioner should be one and all of the Asst to Commrs under him, ~~are employed as Sub~~ Excise, General or Police etc, know that it forms part of their duty to see that the Excise Rules are strictly enforced in the District. All the Asst to Commrs ~~are~~ should send in special reports daily of what they have done in this respect to the Comm?

For reasons stated

I

Which of the Asst Comrs is to be appointed "Officer in charge of Excise Revenue of the

29.1.93 Draft ordered

The following proposals have been made by the existing Conjunctions

6. Taluk office work. Challans should be issued in duplicate, one to be sent to the District Treasury with the daily accounts

and one to be given for
Cash received and credited
to Govt. The counterfoil
will serve the Taluk
Inspector to compile
his return after check
with the Taluk Treasury
daily accounts. No
separate additional
Gumasta is necessary
for the work in the Taluk
Office.

This has been provided for in the Todd's Rules of 14th January 1893 28.1.93.

1. Office work at Head Quarters } One clerk on Rs 20 is allowed to each of the Districts of Mysore and Bangalore as the work is very heavy especially now in the Attack Branch. As soon as the other Divisions are ready to take up the work of the Excise Staff of Supervisors & Testers in the General Branch additional aid will be given to each of those Districts by allowing a hand on Rs 15

by reducing the pay of the Existing staff under Mr McDonnell. Each District will thus have two hands, one in the Treasury and one under the Asst Commr in charge of the Excise Revenue, without entailing any additional Expence on the State.

8. It is sufficient for the present if instead of granting licenses to an authenticated Copy of the Farmer's Mutchalika is given to each Shopkeeper employed by the farmer.

9. The Question of granting passes and enforcing the other rules at Shops and Vanas may be deferred for the present

10 Remuneration to Village Officers and Servants will be reported upon on receipt of proposals from the Dy Commrs

11. In consequence of certain reductions effected in the Distillery, the following

As the Excise Commrs proposal for increasing the Strength of his office Establt must first obtain the Approval of Govt., Orders are solicited on this point.

28.1.93. Separate draft on the Excise Commrs letter regg the revision of his Office Establt.
Subd. [illegible]
30/1

This has been provided for by the Todry Rules of 14th Jany 93.

Do.

Report promised has not been received as yet. Reminder will be sent.
A paper has been added in the Draft [illegible]

appointments have been made in anticipation of sanctions and for these provision has been made in Statement B:

(a) Mr. Costello, asst supr. and Tester, Govt ~~Distillery~~ distillery on Rs 40 + 15 = 55 to do duty as 1st Grade Tester, Vice Md Qvis Tester Gj. Krishna Rao B.A. on Rs 35 + 10 = 45 transferred as temporary Daroga to Tumkur district on Rs 40 + 15 = 55

(b) Two asst Testers (Excise Offrs) Meer Mahomed and Venkappiah, on Rs 10 are appointed 2nd class Taluk Toddy Inspectors, Tiptur and Sira Taluks on Rs 15 + 10 = 25

12. The proportionate Toddy revenue payable to the Civil and Military Station, Bangalore,

This is pending orders as a separate file. 28.1.93.

and the proportionate cost debitable to it are given below: —

I	Population of the Bangalore Taluk including the city and Station.	Population of the Station	Revenue Settlement for the Taluk for 1892-93.	Revenue Settlement for the Station for 1892-93
	2,69,683.	1,00,081.	77.456-4-0	28,744-6-3.

II	Revenue of the Dist.	Revenue of the Station	Estimated cost of the Dt.	Estimated Cost of the Station.
	Rs 2,25,575-2-0	28,744-6-3.	2082-0-0	367-3-10.

III	Revenue of the Dt	Revenue of the Station	Estimated Cost of the Dist	Estimated Cost of the Station.
	Rs 2,25,575-2-0	28,744-6-3	Rs 5148-0-0	Rs 655-15-9.

Item II gives the proportionate preliminary cost incurred in collecting statistics and bringing the new system into force in the Station and Item III the proportionate yearly cost which will have to be incurred to give the new scheme effect in the Station.

Copy of the Excise Comm's circular to the Dy Comms is enclosed. (19/a)

A precis of the reports from the Dy Comms is put up; and also a Comparative Statement showing details of Toddy Establishment as proposed & recommended by the Dy Comms & Excise Comm respectively.

Serial no (16/19p)

As it would occupy much time to enquire fully into the claims of all Inamdars to Toddy revenue D.C. is of opinion that it would facilitate early disposal of the matter if the Inam Superintendent were asked to furnish a list of such Inamdars from a reference to the original Register in his office.

The remuneration now being paid to Abels and Shanbhogs is fair & they need not be further remunerated for Toddy work. They should jointly be responsible for the collection of Toddy Revenue.

The D.C. is of opinion that as Tahsildars & Kulkarnis are already overworked, it is not desirable to employ them on Toddy work; and that in place of these men, watchers may be substituted (vide remarks in Col: 7).

D.C. proposes to submit later on his reports as regards the selection of Amaldars for Excise work & to look after the Excise work himself in the meantime.

to Taluk Inspectors.

+ The Dy comm^r says that no Darogs is required for the District.

* The D.C. solicits sanction to entertain a Clerk on Rs 25 a month.

⊗ The D.C. proposes entertaining 11 Inspr^s @ Rs 260 a month.
≠ 11 peons @ Rs 6 each for Taluk Inspr^s purpose

⊕ Proposal recalled. The D.C. proposes a lump sum of Rs 500 a year for the remuneration of Tdis & Talaries for attending to Toddy work.

The Dy Comm^r. Bapatla Dt. is not in favor of the proposal to supply Tdis & Talaris on Toddy work - he recommends the entertainment of 41 watchers at a monthly cost of 246 rupees.

Pl. Cos: 5-72/8 Deputy Commissioner's Office 199
Mysore District.
No: 320 Cir 11 Dated 11/12 May 1892.

From 198
Thirumalpoorumy Iyengar Esquire,
Deputy Commissioner,
Mysore District.

To The Excise Commissioner
in Mysore.

Sir,

In acknowledging the receipt of Govern-ment Proceedings No. 1019-29 Cir 4 dated 12th April 1892, I have the honor to state that information has been called for of details relating to village establishments, and that I shall submit proposals on the points mentioned in para 13 of the above in due course. It was considered undesirable to invite the Amildar's opinion as to the rates of remuneration payable to the village servants such as Toti, Talari or Kulwadi and Patels and Shanboques, as they should be determined by Government, and any suggestions of Amildars might create expectations which might not ultimately be realized. In the meantime I beg to submit copies of circular orders issued by me to the Amildars for giving effect to the instructions of Govern

laid down in the same for the efficient work-
-ing of the new scheme.

2. On receipt of the said Proceedings Mr. Gopaliengar, Special Revenue Officer, was asked to come and I wrote to Mr. McDonnell also. Under my instructions, Mr. Gopaliengar drafted these circulars and prepared the forms of Registers and returns. Mr. McDonnell's draft circular was also subsequently re-
-ceived. After a careful consideration of the latter I saw no reason to modify the former circulars which have accordingly been issued. There is not however much difference between them. It will be observed that while Mr. McDonnell's remarks are in the form of a running commentary on the various paras of the Government Pro-
-ceedings, the purport of the same and the steps to be taken by the Amildars and his staff of Toddy officials, and the offences under the Excise Law are embodied in my circulars so as to dispense with a reference to Government Proceedings and the Excise Rules. The salient points requiring notice are briefly referred to here:

(i) While the village officials have

ave been enjoined to watch against abuses
ey have been strictly prohibited from
stituting frivolous and vexatious com-
laints. Unnecessary and harassing prose-
utions of the farmers and others have been
rovided against by reserving the final dis-
osal of cases with the Deputy Commissioner
i other officer duly authorized by him.

(ii) Planting of new areas with date has been ordered to be deferred for the present to be taken up later on, when other pressing matters have been settled and the scheme has been brought into working order.

(iii) Forms of permits to be issued by Amildars to vendors of toddy in shops have been prescribed pending the receipt of licenses in proper form.

(iv) Similarly, provision has been made in the circular for the issue of passes by the Patels to cover toddy in transit from the vanam to the shop.

(v) The Amildars have been instructed to deal promptly with disputes regarding the

the 102
the assignment of vanams to shops and not
to disturb the present settlement unnecessarily

3. From the forms of Registers and returns
which have been prescribed it will be seen that
every precaution is taken for the punctual
realization of the Government revenue
and the proper maintenance of accounts as
regards each individual farmer in the dis-
-trict, or Treasury, Sub division and Taluk offices.
They will also afford all useful information
which may be necessary for future settle-
-ments. I beg to observe that it is not conducive
to Government interests to select for Abkari
Inspectors men from among the servants of
the Toddy contractors. As a class they are of
an inferior type and cannot be said to possess
any correct information of the capacity or
requirements of the vanams and of the shops.
They were never interested in conserving
the vanams or encouraging the Ediga class
but had simply to squeeze their rents from
the sub contractors. Some of the contractors
may have outstandings still due from the

Toddy drawers and others, and it will be prejudicial to the smooth working of the scheme if they should use their influence for collecting these outstandings. As observed by Government the appointment is one which carries with it very great responsibility, and the Government could have no hold upon this class of officials as they have nothing to risk having ~~had~~ no previous service to lose. I have thought it therefore safer to appoint for the posts men from the permanent staff of the taluk establishment, i.e. the most qualified Sheikdars or guinastas or munshis and to make temporary arrangements for filling their posts. Whenever any official thus deputed is found to be inefficient or unsuited for the work, it will be very easy to replace him. I have also carefully considered the requirements of each taluk and think that in Heggaddevankote and Nanjanagud Varasipur taluks where the data proves are not many no Inspector may be required. But to give effect to the scheme

and

2 (d)

and to open the Registers & the appoint-
-ment may be allowed tempo
-rarily for this year. It is proposed to
appoint one Abkary Inspector for each
taluk in this District including the French
Rocks Sub division. No separate Abkary
Inspector has been selected for Yelandur
as the collections will be made by the Amildar
of Chamrajnagar taluk where the vanams
exist and the contractors reside. The question
of appointing additional Inspectors for
Nagamangala, Chamarajnagar, Hunsur,
Krishnarajpete and Mandya taluks where
the date trees are in abundance and
scattered, will be reserved for future
consideration and will form the subject
of a separate letter after obtaining
correct information.

4. The necessary steps are being taken
to investigate the claims of Inamdars to
the Toddy Revenue of their villages, and
when the enquiry is completed a statement
for the whole District with a report

in each case will be submitted for the orders of Government, as required in para 5 of the Proceedings quoted above.

5. As regards the survey of date groves, I venture to think that it should not be made with reference to the present assignment of vanams which appear to have been made rather hurriedly. The result of the working during the next few months will bring to light all that is objectionable in their groupings, and I shall be able to make the necessary suggestions for future arrangements before the survey is begun.

6. In deciding upon the Assistant to the Deputy Commissioner in the Excise Department, it has to be borne in mind that the Officer should be capable of enquiring into and seeing for himself how the scheme is worked in the taluks. He should be also unconnected with the Treasury in order to have a double check

in the toddy collections and accounts. If
xlgeneral Assistant Commissioner be
deputed, he may in the larger districts
have charge only of a portion of the District
under his charge and thus be unable to make
any local enquiries in other portions. Though
the Deputy Commissioner might be expected
to supply this defect, uniformity of procedure
will be wanting and the District Daroga
will have more than one Officer to serve.
On the other hand every District has a
Police Superintendent or Assistant Supe--
intendent who is expected to make fre-
quent tours in all parts of his charge. Having
Police Stations at every important point
in each taluk and police men on beats,
he is in a position to enforce constant
supervision over all vanams and shops
and to get early information of what is
going on. Provided there be no objection,
therefore, in entrusting to Police Assistants

other

other than purely police duties, or in en-
-listing the direct co-operation of the Dis-
-trict and Taluk Police in Excise matters,
the delegation of this duty to Police Assis-
tant seems to be worth consideration.
Failing these Officers, it appears advisable
to entrust the duties to one of the General
Assistants. Pending disposal of this question
by Government and in view to put this
important branch of the Excise depart-
ment in proper working order, I beg to state
that I shall myself attend to this work for
the next few months. I may also state that
proper instructions will be issued to the Sub
Division Officer, French Rocks, to whom I
propose to delegate the work in this de-
-partment in the Talukes which comprise
that Sub Division, and I shall also super-
vise his work as far as possible.

7. I have appointed a Daroga on
Rs 40 + 15 for the District and another
Daroga on Rs 35 + 15 for the French

Rock

Rocks Sub Division with a gumasta on Rs15 for each. An Abkary Clerk on Rs20 has been appointed to be employed in the District Treasury. He will have much work and it will be his duty to check Treasury accounts as regards Toddy credits, to keep day books of all toddy credits and to open ledgers of demand and collection of Toddy Khists for each farmer for the whole District. At the close of each month he will have to prepare a statement of the Demand, Collections and Balance as against each farmer and forward it to the Toddy Department in the District under the signature of the Treasury Officer.

8. It will be seen from the foregoing that all the arrangements made by me are only tentative and can easily be modified, should the Government decide otherwise. I would however

however, request that early orders ~
might be issued as regards the views
of Government in that case.

I have the honor to be,
Sir,
Your most obedient Servant,

Deputy Commissioner,
Mysore District.

Circular No. 2 (1)

With reference to Government Proceedings No. 1019-29/Cir 4 dated 12th April 1892, the following instructions are issued.

2. Under the new settlement for the year 1892-93 the toddy shops have been generally grouped into petty farms and in some instances the whole taluks have been leased out.

3. The Amildar should regard the management of the Toddy department in his Taluk as an important part of his duty and carry into effect the new settlement with care and tact. He should pay special attention to the following.

(a) the due conservancy of existing vanams the prevention of the tapping of immature date trees, of the improper tapping by unskilled men, and of the injurious removal of leaves by rope and mat makers and others.

(b)

(b) the prevention of theft of toddy from the date trees and of the illicit drawing or sale of same.

(c) the receiving of the toddy collections daily as paid in and keeping demand, collection and balance accounts as regards each farmer: the toddy revenue of Inam villages being indicated in the accounts separately and distinctly from the Government revenue. The revenue should be collected from each farmer in 12 monthly instalments. The Khist of the month should be paid by the 15th of the month following; failing which steps should be taken to recover the same as arrears of Land Revenue with interest at 6 per cent per annum. If the farms be resold, the farmer and his sureties are liable to make good any deficiency, but they have no claim for any excess.

(d) the prompt disposal of disputes whenever

they occur as to what portions of vanams should supply particular shops or groups of shops.

(c) the planting of new areas with date in taluks where there are no groves; but this may be deferred for the present as other more important duties demand immediate attention.

4. It should be distinctly understood that it is the duty of the Land Revenue Establishment to render every help to the Amildars and Deputy Amildars in giving effect to these instructions.

5. The following special additional establishments have also been sanctioned to ensure the success of the new scheme.

6. In villages where vanams exist and have to be conserved and theft or illicit drawing of toddy has to be prevented, the village servant (Koti, Talari or Kul-wadi) may be employed for the purpose

under the orders of the Patel. It is the duty of the village servant to watch and report every theft or other occurrence in a grove to the Patel whose duty it shall be to bring the offenders to justice and take any other steps which may be necessary in the matter. At Taluk Kasbas the farmers should pay the Khist into the Taluk Treasury. For other farms the Patel should collect the Toddy Revenue assisted by the Shanbogue. He should make the remittance once a month, whenever the monthly collection does not exceed Rs 100. otherwise it should be made at least fortnightly. He shall in addition be responsible himself to see that every shop and every vanam within his village is properly managed, that no theft or illicit drawing or selling of toddy takes place, that the transport of toddy is made under proper authority, and that no breach of the Excise Law as detailed below is committed.

(1)

(1) Tapping of immature trees.

(2) Improper tapping by unskilled men.

(3) Injurious removal of date leaves by rope or mat makers and others.

(4) Thefts of toddy in pots from the trees.

(5) Illicit drawing or sale of toddy, viz, without license or permission from proper authority.

(6) Import or export of toddy without pass from proper authority: viz Patel duly authorized by the Amildar, under the sanction of the Deputy Commissioner, or other officer duly empowered by him.

(7) Selling toddy below the minimum and above the maximum price fixed per seer by Government in the license or conditions of agreement executed by the farmer and the Vendor not keeping the license or permit always with him.

(8) Cutting and removing date trees which are yielding and have not died, or fresh trees without the permission of the

Amildar under the sanction of the Deputy Commissioner or other officer duly empowered by him.

(9) Taking away dried trees without the permission of proper authority as above.

(10) Diluting toddy with water or making it obnoxious with any kind of mixture and offering the same to the public for consumption.

(11) Receiving in exchange for toddy sold, cloths, grain, jewels and other articles instead of coin or ready money.

(12) Selling toddy to Police men on duty or sepoys in uniform or to children below 12 years of age or to men of any European Regiment while on the march without the special permission of the officer Commanding in charge.

(13) Selling toddy of more than 24 hours old or in cases where the distance from the vanam to the shop is beyond 20 miles, of over 48 hours old.

(14) Retapping trees without allowing sufficient time for their growth and thus causing injury to trees.

7. A penalty of Rs 50 may be imposed by the Deputy Commissioner, or other Officer duly authorized by him, for every breach of the License Rules, in addition to any punishment which may be inflicted under the Penal Code. It should, however, be distinctly borne in mind that the farmers and others should not unnecessarily be harassed with frivolous prosecutions.

8 The Shanboques shall, in addition to helping the Patel in the duties above described keep a register to show

(1) the name of the shop.

(2) the name of the varam (indicating the portions assigned to different shops).

(3) the name of the farmer with the

amount for which the farm has been sold including local cess per annum.

(4) the names of persons engaged in drawing toddy with particulars as to their caste and residence.

(5) the quantity of toddy drawn and transported daily to each shop.

(6) the quantity of toddy consumed and sold in each shop daily.

(7) Particulars of breach of the Excise Law, the names of parties concerned, nature and date of occurrence and steps taken, and

(8) Collection of Khists as they are made.

9. In keeping this register the following instructions should be observed.

10 In some villages there are only shops and no vanams. In such cases the shanbogue within whose jurisdiction the vanam allotted to the shop is situated, would note

note in the register only the quantity of toddy transported daily to each shop while the shanboque within whose Firka the shop is situated will record the other particulars of the register.

11. The Kulwadi or other village servant who may be employed on toddy work will be allowed Rs 10 or 12 a year and a small percentage on the annual collections of Toddy revenue will be given to Patels and Shanboques for the extra work. The exact amount will be fixed after col-lection of necessary information.

12. Vendor's licenses will be issued as soon as printed forms are received. Pend-ing their receipt, the Amildars should issue permits in the accompanying form. The particulars are:-

(1) Name of shop
(2) Name of the farmer.
(3) Name of the grove and distance from the shop.

(4) Vendor's name and _____ for what period.

(5) Vendor is bound by the license rules.

(6) Amildars' signature with date of issue.

13. Printed passes to cover toddy in transit from the grove to the shop will be supplied in due course. In the meantime, manuscript passes may be issued by the Patels with the following details.

(1) Name of the Vanam.

(2) Name of the shop.

(3) Name of the farmer.

(4) Quantity of toddy.

(5) Names of persons accompanying the toddy.

(6) Date of export.

(7) Date and hour on which the toddy was drawn from the tree.

(8) Distance from the Vanam to the shop.

(9) Patel's signature with date.

14. The Government have sanctioned

the appointment of an Abkary Inspector to overhaul the work of the Patels, Shanboques and other village servants in each taluk. For exceptionally heavy or extensive Taluk which will be determined hereafter two such officials will be provided. In taluks where the toddy revenue is light and ranams are few, no Inspectors will be appointed.

:- The Abkary Inspector should itinerate in the Taluk at least for 20 days in the month. He should check the Registers kept by the shanboques and examine collections made by the Patel and see that no arrears are allowed to accumulate. It will be his duty to keep the necessary registers in the Taluk Cutchery and prepare the monthly and other returns in the accompanying forms, for submission to the District or Sub Division office. In taluks where the

the Abkary Inspector has not been appointed, this work may be assigned to one of the Revenue Amastas.

16 The Abkary Inspector should inspect shops and groves without previous notice and see that every thing is in proper order. And when disputes arise among the farmers on account of the assignment of vanams he should, under the orders of the Amildar, dispose of the same and mark the boundary carefully so as to avoid further trouble. The boundary may be marked off either by reference to trees, water courses and other permanent land marks or by causing a small trench (a foot broad $+\frac{1}{2}$ foot deep) to be dug.

17. The farmers have been told at the time of settlement that they will have no claim upon Government for any short supply of toddy in any grove or groves or portions of a grove assigned to a farm, and that similarly

no claims will be entertained for any surplus toddy available in any grove and about the re-quirements of the shop or shops obtained by a farmer. The Abkary Inspector should, how-ever ascertain and report the capabilities of each vanam or a block after calculating by actual examination the average yield of a date tree and the total number of mature trees.

8. The result of these experiments should be entered for future reference in a re-gister to show.

(1) the name of the vanam and village.

(2) its survey no. and area and whether it is in marshy or low ground or dry soil.

(3) the results of experiments tried by him.

(4) the names of shops to which the vanam now supplies toddy.

(5) the number of trees fit and available for next year (how many are likely to be fit out of untapped trees, young trees likely to mature, old trees fit to be retapped &c)-

19 The farmers, whether of the whole Zaluk or of a group of shops, should adhere to the assignment of vanams made at the time of settlement, under the direction of the special officers to each shop; but whenever any change in the arrangement is desired by them they should be permitted to do so only after obtaining the orders of the Deputy Commissio

20 It remains now only to impress upon the Amildar that he should pay his personal attention to orders which have been or may be issued in regard to toddy matters and that he will be held personally responsible for the punctual collection of the full revenue as per settlement, without unnecessary hardship to the farmers and others. It should be clearly understood that any neglect in the management of this important branch of Revenue will meet with the severe dis-
-pleasure of Government-

Memo

The Daroga and Gumostahs to be employed in the District or Sub-division Office should keep the following Registers in Toddy Department.

From" and "To" — Canarese
— do — English

Circulars (1) File of Government orders and Proceedings.

(2) A book of Circulars should be kept seperate from "From" and "To" Registers

Register showing the names of Varaums (Date Groves) and toddy shops in the Taluk of for the year 1892-93.

3. Register showing the names of farmers of toddy shops in the Taluk of District for the year 1892-93

4. Register showing the monthly collections from each farmer of toddy shops in the Taluq of District for the year 1892-93.

5. Register showing demand collections and balance on account of each farmer of toddy shops in the Taluq Distt. for the month of.

6 Register showing the quantity of toddy sold in each shop in the Taluk of District for the year 1892-93.

F

Registers of offences against the Excise Law reported in the Taluq of Distt. for the year 1892-93.

2 The Daroga is responsible for keeping these registers in the Office. He will be allowed a Goomasta on Rs 15 a month.

3 It is the duty of the Daroga when with the Deputy Commissioner or Sub-Divisional Officers and of the Goomasta during his absence to bring up all papers for the orders of Dy Commissioner or Sub-Division officer and to see that the orders passed by the said officer are properly carried out.

4. The Treasury Abkary clerk whose pay will be Rs 20 per mensem will check Taluq Treasury & Accounts as regards toddy credits and keep day-books of all toddy credits and also open ledgers of demand and collection of toddy Khists from each farmer for the whole District. At the close of each month he should prepare a statement of the Demand Collection and balance as against each farmer and forward it to the toddy Department in the District under the signature of the Treasury Officer. It shall also be his duty to keep any other Registers or accounts which may be necessary for the purpose. The Daroga should check this return very carefully with the accounts received in the District Office and take necessary orders for rectifying any descrepancies promptly.

5. The Daroga should keep also a Diary in the form appended and submit it to the Dy Comr or the Sub-Divisin Officer once a week.

He should place himself under the orders of the Amildar (or the Dy Amildar) whenever he is sent out to a Taluk on Duty. He should see that all papers connected with the Toddy Department are properly arranged and filed in the Records. He should prepare and have always in his possession a note book in which should be entered (1) the name of the Taluq (2) the name of the shop (3) the name of the Vanam (whether part or full) assigned to the shop (4) the name of the farmer. (5) the amount for which the farm is leased out and (6) Remarks. He should acquaint himself well with every toddy shop and vanam in the Taluq and be able to answer any question which may be put to him regarding a vanam or portion or portions of a vanam assigned to a shop or groups of shops.

Dr No 78
Encly 2.

To

The Chief Secretary
to the Dewan of Mysore

Sir

As promised in my letter No 274 dated 8th June regarding the working of Forest Revenue into a New System, I have the honor to make the following few suggestions for the consideration of the Government.

2. I enclose a printed copy of a set of rules framed by Mr: Macdonnell for the guidance of the Forest Staff, which I approve generally and which I have issued to the officials concerned.

3. First I beg to request the attention of the Government to paragraph 5 of its Proceedings No 1019-29 Cis: 4 dated 12th April last. It deals with

with the question of the settlement
of the claims of Inamdars.
On enquiry as to what
right Inamdars have, I find
those rights defined in the
Proceedings of the Government
No 301-8-8 dated 17th April 1862.
Under the above Government
order, Inamdars' right is limit-
ted to the manufacture of
Toddy and its wholesale vend
to Government Renters. But I
imagine that the above inter-
pretation is not quite correct
in respect to such Inamdars
as have their right to Excise
Revenue recognized ~~by the~~
by the Inam Commissioner.
The best arrangement seems
to me to buy up ~~their~~ that right
wherever it exists. Where
the Inamdars do not
possess this right, their
position is exactly the same

as ~~those~~ that of an ordinary Pattadar. They have a right to the produce of their date trees, but no right to manufacture or sell toddy. It will be easy to deal with them. I would leave them alone as we have left alone ordinary Pattadars. We should not interfere with their trees or vanams. In the case of Inamdars with Excise rights also, I would not interfere with their trees or ~~vanams~~. We should not have attached vanams to the shops in Inam villages, in which case we should have got some data to guide us in the purchase of the Excise rights of the Inamdars. My chief reason in recommending non-interference with trees or

Vanandoor Inams is, that unless
we prohibit the future planta-
tion of the date by private
individuals, it is of no use
whatever to buy up the
existing trees and I do not
believe the Government is
prepared to prohibit future
plantation. I shall repeat
once more that we should
not interfere with Inam dates.
In my settlement with the
Inamdars, I shall proceed
upon the above principles
unless the Government should
in the meantime decline
to accept any of my views
expressed above.

4. Another point that I
wish to request the attention
of the Government to, is the present
method of farming. It will
of course be followed during

this year. But I beg to suggest that it is capable of much improvement. I think we ought not to combine vaunts and shops; such combination seems to be wrong in principle and prejudicial to an expansion of Government Revenue. It is wrong in principle because it combines Forest or "Casual" Revenue (the rent of date trees) with Excise Revenue proper, i.e. the Revenue derivable from the monopoly of the manufacture and sale of toddy. It is prejudicial to Revenue because it is from the nature of the thing impossible to make a proper allotment of trees among the shops. Trees given to a shop in excess of its requirements, is a loss to Government. Besides however accurate the allotment made at

one Liquor may be for the time being, it will not be so for all time. Trees die or new trees grow: besides demand for toddy at a given place is not, I know from experience, an invariable quantity. What I would propose, in lieu of the present system is to sell the right of selling toddy at the sanctioned shops. Shop wise: this will give us as much Revenue, as can be got from the monopoly of the sale of toddy. The Revenue from the monopoly of the manufacture of toddy, may be realised in the shape of license fees. In order to guard against illicit sale licenses to draw toddy should, I think, be issued only at the instance of the

shop-renters. I would not
compel any shop-renter
to obtain a license or licenses
to tap a definite number of
trees, but would prescribe a
penalty for failure to sell
a sufficient quantity of toddy
at his shop which will prac-
tically compel him to tap
a sufficient number of trees.
In the case of date trees it would
be hardly practicable to mark
or number the trees licenced
to be tapped and collect
fees at a certain rate per
tree. It will be easy to deter-
mine how many trees
a single man can tap
daily. Let us fix that number
& regulate the fee accordingly.
That is we fix a fee for a license
and upon the application
of a shopkeeper and on
payment of the fee we issue
a license entitling him to the

name of the person who is to tap. This man and this man alone is to tap under that license and as we know that he cannot tap daily more than a certain number of trees on the basis of which we have fixed the license fee, we need not concern ourselves, as to how many trees he taps or from what localities. It is a known thing generally how long a tree yields toddy: we should divide the year into convenient periods, each period representing the time a tree ordinarily yields. Whenever a license may be obtained within a given period the whole fee should be made payable and the license should expire on the expiry of the period concerned. This

will completely and effectually
guard against loss of Revenue
Patels may be authorized to
issue topping licenses, if they
are furnished with printed
forms, consecutively numbered,
in double counterfoil - one
to be given to the licensee,
one to be sent to the Taluka
Office and the third to be
retained by the Patel, the Amildar
who issues the forms to the
Patels will know how much
money each Patel has to
account for each license
being worth a definite sum
and how much money
he has remitted from the
Counterfoils sent to the Office
with the remittances and the
unused forms will represent
the balance. Thus there will
be no room for fraud.

5. The question of Forest

Revenue 246 i.e. the rent of trees remains: ~~over~~ our vanams may be sold separately, without right to draw Toddy The farmers of Vanams will like private owners of trees, arrange their terms with shop-renters. To prevent bog-cutting we may fix the maximum rent for a toll leviable from a shop-renter.

6. I hope I have made my meaning clear, but if on any point the Government should require further information, I shall do so. I shall be prepared to discuss the subject in person with the Government or with any officer the Government may appoint.

7. One more point I have to notice. The Government has ordered the maintenance of Registers to show the daily

issues of toddy from each
vanam and the daily supply
and sale at each shop.
These Registers are to be kept
by the Shanbogues of the villages
concerned from information
given by toties and other
servants, With due deference
to the orders of the Govern-
ment, I respectfully beg leave
to ask the Government to consider
whether these Registers can be
more reliable than those of
births and deaths. In the
matter of Revenue, it is far
better not to have any Registers
kept than to keep such as
cannot be relied on. I leave
the Government to decide
whether these Registers should
be maintained. For myself,
apart from the worthlessness
of the information they contain,
I do not quite understand
what object can be gained

by these Registers. Competition will keep up the Revenue: Combination can easily be detected by ordinary vigilance. It may be said that the Registers may check dilution of Toddy. Even if they do check it no object can be gained thereby. Dilution causes no loss of Revenue and is not, I believe, unwholesome. The fear of detection by the Consumers is, I think, a sufficient check, if check is at all needed.

8. In conclusion, I beg to leave the Government to decide whether under the system I have recommended a regular survey of Taluks is needed.

I have the honor to be
Sir
Your most obedt Servant

Mir Ihtysaet Ali
Collr
Dy Commissioner.

Tumkúr 23rd July 1892

(23)

To

The Chief Secretary to the
Government of Mysore

Sir,

1. With reference to paras 13 and 14 of Government Order No 1019-29 Circular 4 of the 12th April 1892 authorizing the Deputy Commissioners to appoint (in anticipation of sanction) such Toddy Officials as in their "opinion are absolutely required," and my reply thereto No 1098 of the 25th idem submitting my views on the matter and stating that after further Consideration and Consultation with the Taluk officers I would submit a further report, I beg to state as follows.

2. It seems to me and to the Taluk Officers absolutely necessary to have a Toddy Inspector for each Taluk and Sub Taluk. There are 8 Taluks and 3 Sub Taluks in this District. I propose to have 4 Inspectors of the first Class on 20 Rupees pay plus 10 Rupees horse allowance 4 Inspectors of the 2nd Class on 15 Rupees pay plus 10 Rupees horse allowance and 3 Inspectors of the 3rd Class on 10 Rupees pay plus 10 Rupees horse allowance. The 3rd Class Inspectors are for the Sub Taluks. The first Class Inspectorships

will not be given to anybody now, but all the 8 Taluk Inspectors will be given the 2nd Class to start with and promotions made to the 1st Class as reports of good work are received. It will be the duty of these Inspectors to conserve and improve the toddy groves to settle disputes between the adjoining farmers, to supervise the sale of the liquor in proper state and at the fixed price and to prepare the Taluk Toddy Accounts &c. prescribed. It is absolutely necessary to allow these Inspectors a peon each on 6 Rs to enable them to send for the farmers in Course of the Collection of the Khists &c.

3. As remarked in para 7 of the Order under reference "the ready realization of the increased revenue according to the new settlement and indeed its smooth and satisfactory working depend upon the interest which local revenue Officers Continue to take in the matter". Accordingly to enable the Taluk Officers to work out the Settlement as well as possible with good and proper material they were permitted to make their own selection of Toddy &c. Inspectors. I am glad to say that their nominations have all been good. I enclose a list shewing the names &c. of the persons appointed by them and approved of by me. It will be seen from it that out of the 11 Inspectors 8 have been chosen up to date, the Amildar of Tiptur and the Deputy Amildars of &c. Turavakery and Huliyar not having as yet nominated

nominated their Inspectors. Of the 8 persons
chosen, 5 are men of the late toddy Contractors
Establishment and three are Shaikdars. The
Inspectors' pecons have not been entertained,
there being no authority for it in the Government
Proceedings under reply. I await orders.

4. In para 15 of the order the
Entertainment where necessary of a Daroga
on 40 Rupees and a Gumasta on Rupees 15
for each District is allowed. I have already
reported that a Daroga is not needed. A
Gumasta on 15 Rupees will not be sufficient.
I do not think that a person of sufficient
qualification to carry on the Toddy Correspon-
dence in the District Office (both in English
and Kanarese) can be found for that small
pay. He has to prepare voluminous accounts
and has also to attend to the Correspondence
from the Excise Commissioner. I therefore
beg that an Excise Clerk on 25 Rupees may
be sanctioned. In para 14 of the order
under reply a Gumasta in the District
Treasury on 15 Rupees has also been sanction-
ed to prepare the monthly Statement of
Toddy receipts. This is not necessary. The
District Excise Clerk can do this. Thus,
instead of 2 persons on 15 Rupees I propose
one on 25 Rupees. In the hope of the Govern-
ment according sanction to this I have
told Soomarudda an Accountant in the
District Office on 20 Rupees to do the Excise
work. I solicit sanction to pass pay to him

at

at 25 Rupees from the 1st Instant. He is a Matriculate.

5. In para 7 of the order the Government has been pleased to "leave to Deputy Commissioners the practical working of the (toddy) settlement". I think that for the present the above establishment is quite ample for the purpose.

6 In Conclusion I beg to add that the Excise Commissioner proposed to appoint a Daroga and some Extra Inspectors to some of the Taluks and asked my opinion. In reply I stated that neither the Daroga nor any of the Extra ~~Dispatchers~~ was necessary. He has finally informed me that he has written to Government shewing the need for these posts and that he would favor me with a Copy of his Communication.

7 In paras 12 and 13 of the order under reply it is proposed to give some allowance to the village officials. I think that this may be considered hereafter. At present they have been told that if they improve the toddy groves they would be rewarded. For this purpose a sum of 500 Rupees has been provided in the enclosed list.

I have the honor to be
Sir
Your most obedient Servant
H. A. Sewell Lieut. Colonel
Deputy Commissioner
Trichinopoly District

771 (30

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 16th February 1893.

READ:—

Excise Commissioner's letter No. 536-21, dated 15th July 1892.

No. 13672-81—R. F. 17-92, DATED, BANGALORE, 16TH FEBRUARY 1893.

ORDER THEREON.—(Paras 1 to 4 of the Excise Commissioner's letter): The Government are not disposed to fetter the discretion of Deputy Commissioners in the matter of the choice of the Assistant to be in charge of the Excise work of their respective Districts. At the present stage, they would leave the point to be settled by each Deputy Commissioner as he may find it most suitable and convenient. (*Vide* Orders contained in Notification No. 13479—R. 1629-92, dated 28th January 1893.)

2. (Para 5 of the Excise Commissioner's letter). The Government observe that the Excise Commissioner has directed the observance of the set of instructions and forms of accounts and diaries (to be kept and rendered) drawn up by Mr. McDonnell, and has called for reports from Deputy Commissioners regarding them, after practical experience. These reports, together with the Excise Commissioner's review and remarks thereon, will be awaited.

3. (Para 6 of the Excise Commissioner's letter). Government are pleased to accord sanction to the entertainment of the permanent Toddy Establishment, as proposed by the Excise Commissioner, at a maximum cost of Rs. 37,452 per annum. It is observed, however, that this does not include any provision for Peons to Taluk Toddy Inspectors on the ground that village officers and servants would help them. But as such an arrangement is likely to prove insufficient and inconvenient, Government are pleased to sanction the entertainment of a Peon on pay not exceeding Rs. 6 per mensem for each of the Taluk Toddy Inspectors; the maximum cost of this would thus be (Rs. 89 × 6 × 12 =) Rs. 6,408 per annum, raising the total maximum cost of the Toddy Establishment to Rs. 43,860 per annum as shown in the annexed statement marked A and statement of details marked B.

4. (Paras 7 and 8 of the Excise Commissioner's letter). The remarks of the Excise Commissioner in regard to the postings of Darogas and Taluk Inspectors are generally approved.

5. (Para 13 of the Excise Commissioner's letter). The Excise Commissioner's proposals for the remuneration of village officers and servants promised in para 13 will be awaited.

6. (Para 17 of the Excise Commissioner's letter). The question of adjustments alluded to in para 17 should form the subject of a separate report.

No 13672-8 R.7.17.92. D/16-2-93 16 Su/

Issue this order (ORs) in MS to Excise Cr & Cuttack with intimation that limited Opns will follow. —

Print Early. —

Sd/ 6/2

Specific

Order -

(Paras 1 to 4 of the Excise Commr's letter) - The Govt are not disposed to fetter the discretion of Deputy Commissioners in the matter of the choice of the Assistant to be in charge of the Excise work of their Districts. At the present stage, they would leave the point to be settled by each Deputy Commr as he may find it most suitable and convenient (vide orders contained in Notification No. 13479 R. 1629-92 Dated 28th January 1893.

2 - (Para 5 of the Excise Commr's

Commissioner's letter). The Government observe that the Excise Comm^r has directed the observance of the set of instructions and forms of accounts and diaries (to be kept and rendered) drawn up by Mr. McDonell, and has called for reports from Deputy Comm^rs regarding them after practical experience. These reports, together with the Excise Commissioner's review and remarks thereon will be awaited.

3 - (Para 6 of the Excise Commissioner's letter).

Government are pleased to accord sanction to the entertainment of the permanent Toddy Establishment as proposed by the Excise Comm^r,

AAA

with details as per state-
-ments annexed hereto,
at a maximum Cost of
Rs: 37,452 per annum.
It is observed however
that this does not include
any provision for Peons
to Taluk Toddy Inspectors
on the ground that
village Officers and ser-
-vants would help them.
But as such an arrang-
-ment is likely to prove
insufficient and incon-
-venient, Government
are pleased to sanction
the entertainment of a
peon on pay not exceedin
6 Rs per mensem for Eac
of the Taluk Toddy In
-spectors; the maximum
Cost of this would thus
be Rs: (89×6×12 =) Rs 6408
per annum, raising the
total maximum Cost of
the Toddy Establishment
to

to Rs. 43,860 per annum as shewn in the annexed statement marked A. and statements of details marked B. XXX

4 - (Paras 7 & 8 of the Excise Commissioner's letter). The remarks of the Excise Commissioner in regard to the postings of Darogas and Taluk Inspectors are generally approved.

5 - (Para 13 of the Excise Commr's letter). The Excise Commr's proposals for the remuneration of village officers and servants promised in para 13 will be awaited.

6. (Para 17 of the Excise Commr's letter). The question of adjustments alluded to in para 17 should form the subject of a separate report.

Print

Chief

Minute

With this order are to be printed three statements A, B, C, shewing the Establishments as revised by this order costing Rs 43,860 per annum

To the Excise Commr. in Mysore.
The Comptroller to the Govt of Mysore.
Copy to Dy Commrs of Dists.

Read the following papers:— 30/91

No. 5536/21 of 15th July 1891. from the Excise Commissioner in Mysore reviewing the District reports

No. 1882/63 of 1st/4th June 1892 from — do —

submitting printed instructions issued to Deputy Commrs with forms for adoption.

Order thereon Rs:

1. The Excise Commissioner's proposals are generally approved of and should be given immediate effect to by Deputy Commissioners

2. The schedules sent up for the whole Province by the Excise Commissioner, marked B & C and appended hereto are also approved of. The total cost of the establishment is not to exceed Rs. 37,45 2/- per annum i.e. 2½ per cent on the total sales of the toddy farms for 1892-93. The following table gives a summary of the strength and cost of the proposed staff for toddy for the whole Province:—

Rank	Class	No.	Rate of pay & allowance	Amount	Total monthly	Total yearly	Remarks
Dist. Daroga	1st	6	40+15	55	330

Chief Secretary

V 36/d

To

The Assistant to the Resident

Sir,

I have the honor to state for the Resident's information that the Paddy farms of the Chowrees were disposed of for the year 1892-93 (31st March 1892) not by districts but in small lots and in many cases separately so as to take in a single shop. This caution was also followed in the Bangalore District which it was found difficult to get the contractors to tender on bid a fair sum separately for the city station, or Taluq shops. They were therefore disposed of in one lot for Rs 77,456-4-4 including Cesses for the whole Taluq of Bangalore the proportionate revenue payable to the Resident's Treasury will amount to Rs 28,744-6-3 as per details given in the margin.

2. A special staff was employed

Population including City, Station & Taluq	189683	Population of Station: Revenue settlement for Taluq for 1892-93.	77,456-4-4
		Revenue settlement for Cities Station for 1892-93.	28,744-6-3.

Read:—

Letter from the Excise Commissioner in Mysore No 3616/198 dated 24th December 1892 submitting copy of Mysore Dy Commrs letter No 1810 dated 21st idem together with its enclosures in original, and soliciting sanction being accorded (1) to the proposition for the Laddy Establishment under the new Scheme to enable the Comptroller to pass paybills and (2) to the appointment temporarily of a Laddy Gumasta on Rs 15

in the French Rocks

Sub division

2. Govt Resp no 1367-81/R.F 17.92 dated 16th February 893 sanctioning the Sub-tainment of a permanent Toddy Establishment at a maximum Cost of Rs 43.060 per annum.

---

order thereon: —

1. Sanction to the Entertainment of a permanent Toddy Estab.-lishment having already been accorded, the pay of the Toddy Draw(a Rs (3575=50) which is in accordance with

the sanctioned scale will be passed with retrospective effect from May 1892. The Comptroller rightly objected to pass the pay bills for May and June 2nds Office.

2. ~~In the case of~~ The Lady Gymnasts on Rs 15/- pm by Commr. as already observed by the Excise Commissioner in his letter No 3815/58 dated 24th December 1892 should not have exceeded the scale of Establishm

being in excess of the sanctioned scale shd not have been sanctd., or if sanctd. shd have been dispensed with on receipt of the Govt. scale — Under the circs reported however sanction is accorded to his being treated as a

- ment proposed by the
Excise Commissioner
for the sanction of
Govt - The Dy Commr
after receipt of the
reply from the Excise
Commr should have
dispensed with the
Gumasta

3. Statement A
annexed to Govt order
read - above shews
that the Districts
of Mysore and Bangalore
unlike others have
each been allowed an
Extra Clerk on Rs 20 on
the ground that the work
is Comparatively heavier

there than in the other
Districts and the excess
Expenditure on account
of the Lady Gymnasts
entertained in the French
Rocks Subdivision
could and should have
been saved. But under
the present circum-
-stance, the Excise
Commrs recom-
-mendation is approved
and the pay of the
~~Lady Gymnasts~~ as a
temporary hand of this
Establishment
payment disbursed ~~also~~ with retrospective
Effect from the date of Institution
May 1892. His services

The Cost will be met from Savings in the Excise Dept Estimate

~~of the Grantee~~ should

be ~~forthwith~~ dispensed
before 1st May unless this has already been done.

From

The Excise Commissioner
in Mysore

To

The Chief Secretary to the Dewan
of Mysore

Sir,

In forwarding, herewith, copy of letter No. 3340, dated 11/12th instant, from the Deputy Commissioner, Mysore District, I have the honor to request that, under the circumstances therein explained, the 2nd Inspector sanctioned for the Yedetore taluk may be cancelled, his pay being distributed among the 2nd Inspectors of the T. Narsipur, Heggeddevenkote, Seringa=patam and Malvally talukes, as proposed by the Deputy Commissioner.

2. I have informed the Deputy

Commissioner that the rates of pay viz Rs 30 and 25, shown in the statement appended to Government Proceedings No. 13672-81 / 17-92, dated 16th February 1893, include horse-allowances at Rs 10 as recommended by me, and that they should accordingly be treated as Rs 20+10=30 and Rs 15+10=25.

I have the honor to be,
Sir,

No. 3340

Deputy Commissioner's Office
Mysore District
dated 11/12th April 1893

33/a

From

A Rungasami Iyengar Esqre
Deputy Commissioner
Mysore District.

To,

The Excise Commissioner
in Mysore.

Sir

Adverting to the Government Proceedings No. 1367-81/R.T.17-92, dated 16th February 1893, sanctioning the Toddy Establishment and your docket No. 4613-620/142 dated 1st March 1893 on the same subject, I beg to enquire whether Rs. 30425 are proper pay of the Toddy Inspectors, so as to entitle them to pension on the same or include the horse allowance. In your letter proposing the scale these amounts were shown to include horse allowance at Rs. 10 but the omission of this in the printed Schedule accompanying the Government Proceedings

3/2

Proceedings, has given rise to this doubt.

Only one Toddy Inspecter has been allowed for the Taluks noted in the margin. Of these, Seringapatam and T. Narsipur are very important and troublesome though without many date topes, and require two Inspectors. The single Inspector attached to the 4 Taluks could at least have been of the higher grade. If this cannot now be recommended, I beg to submit that as the Yedatore Taluk is of small area with a limited revenue, the 2nd Inspector sanctioned for it is unnecessary and that his pay may be distributed among the 2 nd Inspectors sanctioned for the said 4 Taluks, leaving a saving of Rs. 5 As all the present Inspectors have worked well and as it would be unfair to require them to agree to a sacrifice and inconvenient to make them revert to their former appointments, I beg that you will kindly obtain the sanction of Government to my proposal.

1. T. Narsipur
2. Heggadevenekote
3. Seringapatam
4. Malvelly.

I have &c

(Singned) A Ramjasami Iyengar
Deputy Commissioner.

To
The Chief Secretary to the Dewan
of Mysore

Sir,

In forwarding, herewith, Copy of docket No. 1658, dated 20th instant, from the Deputy Commissioner, Tumkoor District, together with its original enclosure, duly Countersigned, I have the honor to state that I intimated to the Deputy Commissioner, in July 1892, that, in the proposals submitted to Government for Toddy establishment, two Inspectors had been provided for each of the Talugs of Sira, Chiknaikan halli

Chikkaikkanhalli, Maddigiri, Penugal and Tiptur. Mr. Haji Syed Hasenuddin who was in charge of the District, entertained for each of the Maddigiri, Chikkanaikkanhalli and Tiptur taluks, two Inspectors in addition to an Inspector who had been entertained for each of the sub-talukas belonging to those three talukas. This mistake being discovered by the Deputy Commissioner Mr. Venkatavardiangar, on receipt of Government Proceedings No. 1362-81/17-92, dated 16th February 1893, the three Inspectors who were in excess of the sanctioned scale, were dispensed with. But as pay has been disbursed to them during the period they were employed, as per accompanying Statement, I beg that the sanction of Government may

may be kindly accorded to such
payment, the Comptroller being
requested to debit the same to the
savings in the Excise Budget.

Excise Commissioner's Office

Bangalore, dated 4th May 1893.

(Camp Nundidroog.)

From

The Excise Commissioner in Mysore.

37

To

The Chief Secretary to the Dewan of Mysore.

Sir,

This Office № 5604/350, dated 22/26 April 1893.

I have the honor to forward, herewith, Copy of docket № 214, dated 2nd Instant, from the Deputy Commissioner, Bangalore District, and to request the favor of early sanction to the Toddy Establish=ments sanctioned in Government Proceedings № 13672-81/17-92, dated 16th February 1893, taking effect from the dates of their entertainments.

I have the honor to be,

Sir,

Your most Obedient Servant

Excise Commissioner in Mysore.

Requesting further consideration of the orders contained in Pro. No 20296-305 93 R.F. 17-92 May last regarding the reduction of pay of the Toddy Inspectors.

To.

The Chief Secretary
to the Govt of Mysore

Dear Sir,

With reference to para 1 of Govt Proc: No 20296-305, R & 17-92 & 31.5.93 I beg to submit that under ~~cl etc~~ cl (6) para 12 of the Govt Proc: of the 12th April 1892, Todgy Inspectors were appointed for the 4 Talugs noted in the margin on Rs 20 + 10. Some of them were men drawing Rs 120 already. When the Govt Commr asked me for such proposals in July 1892, I suggested that no increase of the Establishment then necessary & some time might be allowed for gaining experience of the existing Estt. But his proposals were not accepted & passed by Govt in their Proc: of 16th July 1893. In these proposals the pay of the 4 Todgy Inspectors above referred to was reduced to Rs 15 + 10. To work them would upset arrangements made with great care & trouble & ~~the~~ once a year before and necessitate the travelling back wards & forwards of a number of

Seringapatam
Melvalli
T. Narsipur
& Heggadadevan Kote

~~of~~ low paid officials - It was for this reason that I recommended in my letter of the 11th April 1895 for leave their pay undisturbed & proposed to reduce one 2 grade Forest Inspectors & prevent increase in the amount sanctioned.

~~The facts & figures of the case do not~~ The exercise cannot also send its up to date with this subject but ~~it was explained~~ however ~~was sanctioned~~ ~~& the increase~~ one Inspector was added ~~to~~ ~~the cadre but it was for~~ ~~reduction "to consider increase to pay Forest Inspectors"~~ but the request that the 4 pay of the 4 Inspectors might be allowed to remain at Rs 400 was negatived with the remarks that "it is premature to consider increase to pay of Forest Inspectors"

I beg to submit that I did not recommend a new increase. I should have ventured to make any proposal to alter the ~~cadre~~ scale fixed by Govt of India

under pressing necessity &
under I thought that the
Govt. justified my recom-
mendation. I beg that
this part of the Govt. order
may if possible be recon-
sidered. I venture to think
that this do doubt as
to address Mining will
take time & already the part
only has caused in
giving effect to the order
of Govt. for increasing the
Rate & it cannot be done
till this point is settled.

with effect from
date of proceedings
of the 16 July.

Yours very truly
A Rangaswamy

14 August 893.

16/6/93

To

The Deputy Comr. Hunsur
The Excise Comr. in Hunsur

Proceedings of the Government of His Highness the Maharaja of Mysore, (Revenue),—dated 17th June 1893.

The following D. O. Letter, dated 14th June 1893, from the Deputy Commissioner, Mysore District.

With reference to para 1 of Government Proceedings No. 20296-305—R. F. 17-92, dated 31st May 1893, I beg to submit that under clause (c), para 12 of the Government Proceedings of the 12th April 1892, Toddy Inspectors were appointed for the 4 Taluks* noted in the margin on Rs. 20+10. Some of them were men drawing Rs. 20 already. When the Excise Commissioner asked me for fresh proposals in July 1892, I suggested that no revision of the establishment was then necessary and some time might be allowed for gaining experience of the existing establishment. But his proposals were accepted and passed by Government in their Proceedings of the 16th February 1893. In these proposals the pay of the 4 Toddy Inspectors, above referred to, was reduced to Rs. 15+10. To revert them would upset arrangements made with great care and trouble over a year before and necessitate the travelling backwards and forwards of a number of low paid officials. It was for this reason that I recommended in my letter of the 11th April 1893, for leaving their pay undisturbed and proposed to reduce one 2nd grade Toddy Inspector to prevent increase in the amount sanctioned.

*Seringapatam, Malvalli, T.-Narsipur and Heggadadevankote.

The Excise Commissioner also sent it up to Government with his support. The reduction however of one Inspector was ordered, but the request that the pay of the 4 Inspectors might be allowed to remain at Rs. 20+10 was negatived with the remark that "it is premature to consider increase to pay of Toddy Inspectors."

I beg to submit that I did not recommend a new increase. I should not have ventured to make any proposal to alter the scale fixed by Government, except under pressing necessity and unless I thought that the circumstances justified my recommendation. I beg that this part of the Government order may, if possible, be reconsidered, with effect from date of Proceedings of the 16th February. I venture to submit this D. O. direct as to address officially will take time and already a great delay has occurred in giving effect to the orders of Government for increasing the establishment and it cannot be done till this point is settled.

CAMP No. 374—6, DATED MYSORE, 17TH JUNE 1893.

ORDER THEREON.—It was not intended to reduce the pay of any Toddy Inspector already entertained. Therefore, and under the circumstances now more fully explained by the Deputy Commissioner in his letter read above, Government are pleased to sanction that the Establishment of Toddy Inspectors for the Mysore District shall be as follows in supersession of that sanctioned in Government Proceedings No. 13672-81—R. F. 17-92 dated 16th February 1893.

Taluks.	
1. Tirumakudlu-Narsipur. 2. Seringapatam. 3. Yedatore. 4. Heggaddevankote. 5. Malvalli.	One Inspector on Rs. 20+10 each.
1. Mysore. 2. Hunsur. 3. Mandya. 4. Krishnarajpete. 5. Nagamangala. 6. Nanjangud. 7. Chamrajnagar. 8. Gundlupet.	Two Inspectors, each on Rs. 20+10 and Rs. 15+10 respectively.
